**PROXY STATEMENT
2013 ANNUAL MEETING OF SHAREHOLDERS**

THE ANNUAL MEETING

This proxy statement is solicited by and on behalf of the Board of Directors (the "Board") of W&T Offshore, Inc. for use at the 2013 Annual Meeting of Shareholders (the "Annual Meeting") to be held on May 7, 2013 at the Houston City Club, One City Club Drive, Houston, Texas 77046, at 8:00 a.m. Central Daylight Time, or at any adjournments or postponements thereof. Unless the context requires otherwise, references in this proxy statement to "we," "us," "our" and the "Company" refer to W&T Offshore, Inc. The solicitation of proxies by the Board will be conducted primarily by mail. Additionally, officers, directors and employees of the Company may solicit proxies personally or by telephone, e-mail or other forms of wire or facsimile communication. These officers, directors and employees will not receive any extra compensation for these services. The Company will reimburse brokers, custodians, nominees and fiduciaries for reasonable expenses incurred by them in forwarding proxy material to beneficial owners of common stock of the Company (the "Common Stock"). The costs of the solicitation will be borne by the Company. This proxy statement and the form of proxy are first being mailed to shareholders of the Company on or about April 3, 2013.

Purposes of the 2013 Annual Meeting

The purposes of the Annual Meeting are: (1) to elect six directors to hold office until the 2014 Annual Meeting of Shareholders and until their successors are duly elected and qualified; (2) to approve the first amendment to our Amended and Restated Incentive Compensation Plan to authorize us to reserve an additional 4,000,000 shares of Common Stock for issuance under the plan and extend the term of the plan for five years; (3) to approve the second amendment to, and all material terms of, the W&T Offshore, Inc. Amended and Restated Incentive Compensation Plan for purposes of Section 162(m) of the Internal Revenue Code; (4) to ratify the appointment of Ernst & Young LLP as our independent registered public accountants for the year ending December 31, 2013; and (5) to transact such other business as may properly come before the meeting and any adjournment or postponement thereof. Although the Board does not anticipate that any other matters will come before the 2013 Annual Meeting, your executed proxy gives the official proxies the right to vote your shares at their discretion on any other matter properly brought before the Annual Meeting.

Voting Rights and Solicitation

Only shareholders of record at the close of business on March 25, 2013 (the "Record Date") will be entitled to notice of and to vote at the Annual Meeting. As of the Record Date, there were 75,249,630 shares of Common Stock outstanding, each of which is entitled to one vote on any matter to come before the meeting. Common Stock is the only class of outstanding equity securities of the Company. The holders of issued and outstanding shares representing at least a majority of the outstanding shares of Common Stock, present in person or represented by proxy at the Annual Meeting, will constitute a quorum necessary to hold a valid meeting. The person who is appointed by the chairman of the meeting to be the inspector of election will treat the holders of all shares of Common Stock represented by a returned, properly executed proxy, including shares that abstain from voting, as present for purposes of determining the existence of a quorum at the Annual Meeting. Each share of Common Stock present or represented at the Annual Meeting will be entitled to one vote on any matter to come before the shareholders. If you hold your shares in "street name," you will receive instructions from your brokers or other nominees describing how to vote your shares. If you do not instruct your brokers or nominees how to vote your shares, they may vote your shares as they decide as to each matter for which they have discretionary

Table of Contents

authority under the rules of the New York Stock Exchange (“NYSE”). For Proposal 4 (*Ratification of the Appointment of Ernst & Young LLP*) to be voted on at the Annual Meeting, brokers and other nominees will have discretionary authority in the absence of timely instructions from you.

There are also non-discretionary matters for which brokers and other nominees do not have discretionary authority to vote unless they receive timely instructions from you. For Proposals 1 (*Election of Directors*), 2 (*First Amendment to the W&T Offshore, Inc. Amended and Restated Incentive Compensation Plan*) and 3 (*Second Amendment to the W&T Offshore, Inc. Amended and Restated Incentive Compensation Plan*), to be voted on at the Annual Meeting, you must provide timely instructions on how the broker or other nominee should vote your shares. When a broker or other nominee does not have discretion to vote on a particular matter, you have not given timely instructions on how the broker or other nominee should vote your shares and the broker or other nominee indicates it does not have authority to vote such shares on its proxy, a “broker non-vote” results. Although any broker non-vote would be counted as present at the meeting for purposes of determining a quorum, it would be treated as not entitled to vote with respect to non-discretionary matters.

Abstentions occur when shareholders are present at the Annual Meeting but fail to vote or voluntarily withhold their vote for any of the matters upon which the shareholders are voting.

The following is a summary of the vote required to approve each proposal, as well as the effect of broker non-votes and abstentions.

- Item 1 (*Election of Directors*): To be elected, each nominee for election as a director must receive the affirmative vote of a plurality of the votes of our Common Stock, present in person or represented by proxy at the meeting and entitled to vote on the proposal. This means that director nominees with the most votes are elected. Votes may be cast in favor of or withheld from the election of each nominee. Votes that are withheld from a director’s election will be counted toward a quorum, but will not affect the outcome of the vote on the election of a director. Broker non-votes will not be taken into account in determining the outcome of the election.
- Item 2 (*First Amendment to the W&T Offshore, Inc. Amended and Restated Incentive Compensation Plan*): The NYSE rules require that the total votes cast on this proposal must represent greater than 50% of all the shares entitled to vote on this proposal. That is, the total number of votes cast “for” and “against” the proposal must exceed 50% of the outstanding shares. A majority of the votes must be cast “FOR” the amendment to the W&T Offshore, Inc. Amended and Restated Incentive Compensation Plan in order for the amendment to be approved at the Annual Meeting. An abstention has the same effect as voting “AGAINST” the proposal and broker non-votes are not counted for purposes of determining whether a majority has been achieved.
- Item 3 (*Second Amendment to the W&T Offshore, Inc. Amended and Restated Incentive Compensation Plan*): The NYSE rules require that the total votes cast on this proposal must represent greater than 50% of all the shares entitled to vote on this proposal. That is, the total number of votes cast “for” and “against” the proposal must exceed 50% of the outstanding shares. A majority of the votes must be cast “FOR” the amendment to the W&T Offshore, Inc. Amended and Restated Incentive Compensation Plan in order for the amendment to be approved at the Annual Meeting. An abstention has the same effect as voting “AGAINST” the proposal and broker non-votes are not counted for purposes of determining whether a majority has been achieved.
- Item 4 (*Ratification of the Appointment of Ernst & Young LLP*): The affirmative vote of a majority of the shares present at the meeting in person or by proxy is required to ratify the appointment of our independent registered public accounting firm. An abstention is not treated as a vote entitled to be cast and therefore is not counted for purposes of determining whether a majority has been achieved.

The Board is soliciting your proxy on the enclosed proxy card to provide you with an opportunity to vote on the matters described in this proxy statement, whether or not you attend in person. If you execute and return the enclosed proxy card, your shares will be voted as you specify. If you make no specifications, your shares will be voted in accordance with the Board's recommendations. If you submit a proxy card, you may subsequently revoke it by submitting a revised proxy card or a written revocation at any time before your original proxy is voted. You may also attend the Annual Meeting in person and vote by ballot, which would effectively cancel any proxy you previously gave.

**PROPOSAL 1
ELECTION OF DIRECTORS**

Currently, the Company's Board is composed of the following seven directors: Ms. Virginia Boulet and Messrs. Samir G. Gibara, Robert I. Israel, Stuart B. Katz, Tracy W. Krohn, S. James Nelson, Jr., and B. Frank Stanley. Mr. Gibara has informed the Board that he does not wish to stand for re-election. Accordingly, Mr. Gibara's term as a member of the Board will expire immediately prior to the 2013 Annual Meeting, at which time the size of the Board will be reduced from seven to six directors. The Board expresses its gratitude to Mr. Gibara for his contributions during his five years of service on the Board.

The remaining six incumbent directors have been nominated for reelection, each of whom will serve until the 2014 Annual Meeting and until his or her successor is duly elected and qualified. The Board has nominated and, unless authority to vote is withheld or otherwise properly instructed, the persons named as official proxies on the enclosed proxy card intend to and will vote "FOR" the election of the following individuals as members of the Board: Ms. Virginia Boulet and Messrs. Robert I. Israel, Stuart B. Katz, Tracy W. Krohn, S. James Nelson, Jr., and B. Frank Stanley. Each nominee has consented to be nominated and to serve if elected. If any nominee is unable to serve as a director, the shares represented by the proxies will be voted, in the absence of contrary indication, for any substitute nominee that the Board may designate or the size of the Board may be reduced. We know of no reason why any nominee would be unable to serve.

Information about the Nominees

Virginia Boulet, age 59, has served on the Board since March 2005. She is currently Chair of the Nominating and Corporate Governance Committee and a member of the Compensation Committee. She has been employed as Special Counsel to Adams and Reese, LLP, a law firm, since 2002. She is also an adjunct professor of law at Loyola University Law School. Ms. Boulet has over 20 years of experience in mergers and acquisitions, equity securities offerings, general business matters and counseling clients regarding compliance with federal securities laws and regulations. Ms. Boulet currently serves on the board of directors of CenturyLink, Inc., a telecommunications company. She also serves as chair of the nominating and corporate governance committee of CenturyLink, as well as a member of the board's compensation committee. Service on this board and its committees has provided her the background and experience of board processes, function, exercise of diligence and oversight of management. In the past, she served as President and Chief Operating Officer of IMDiversity, Inc., an on-line recruiting company. Ms. Boulet received a B.A. in Medieval History from Yale University, and a J.D., cum laude, from Tulane University Law School. Mr. Israel's corporate finance experience and his public company board experience, as well as his industry knowledge, make him a valuable addition to our Board and our Audit Committee.

Stuart B. Katz, age 58, previously served on the Board from 2002 to 2008 and was reappointed to serve on the Board in April 2011. In 2002, Mr. Katz joined the Board in connection with JCP's investment in the Company. In May 2008, Mr. Katz declined to stand for reelection to the Board in connection with JCP's divestment of its remaining equity interest in the Company. Prior to joining JCP in 2001, Mr. Katz had been an investment banker with Furman Selz LLC and its successors for over 16 years. Mr. Katz received a B.S. in engineering from Cornell University and a J.D. from Fordham Law School. Mr. Katz is a member of the bar of the State of New York. Mr. Katz brings valuable leadership and management skills as a result of his role as Chief Executive Officer of Alconox, as well as a result of his service as a member of the board of directors of a number of other companies, including other public companies. We believe that this experience, as well as the investment management experience he has gained through the ownership of controlling equity positions in connection with his activities with JCP, make him a valuable part of our Board and member of our Audit Committee and Compensation Committee.

Recommendation of the Board

THE BOARD RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF THE SIX NOMINEES LISTED ABOVE.

PROPOSAL 2
FIRST AMENDMENT TO THE W&T OFFSHORE, INC. AMENDED AND RESTATED INCENTIVE COMPENSATION PLAN

Introduction

The Board of Directors, subject to the approval of our shareholders as required under the NYSE's rules, has approved the first amendment to the W&T Offshore, Inc. Amended and Restated Incentive Compensation Plan (the "Incentive Compensation Plan") which would authorize us to reserve an additional 4,000,000 shares of Common Stock beyond the number of shares previously authorized for issuance under the Incentive Compensation Plan, and to extend the term of the Incentive Compensation Plan for an additional five years (through April 15, 2019). If our shareholders approve this proposal, we intend to file, pursuant to the Securities Act of 1933, as amended, a registration statement on Form S-8 to register the additional shares available for issuance under the Incentive Compensation Plan.

The proposed first amendment to the Incentive Compensation Plan is attached hereto as Appendix A, and the Incentive Compensation Plan, prior to giving effect to this proposed amendment, is attached hereto as Appendix C. Pursuant to this proposal, we are requesting that our shareholders vote to approve the increase in the number of shares of Common Stock approved for issuance under the Incentive Compensation Plan and the extension of the term of the Incentive Compensation Plan to April 15, 2019.

Reason for Proposed Amendment and the Request for Shareholder Approval

The use of stock-based awards under the Incentive Compensation Plan has been a key component of our compensation program since its adoption in 2004. The awards granted under the Incentive Compensation Plan assist us in attracting and retaining capable, talented individuals to serve in the capacity of employees and officers. The Board of Directors also determined that in connection with an increase of the shares available for issuance under the Incentive Compensation Plan, the term of the plan should be extended to allow us to grant awards under the plan for an additional five years.

As of December 31, 2012, 1,393,602 shares were available for us to issue as awards under the Incentive Compensation Plan. As a result of our grants of stock-settled restricted stock units pursuant to the Incentive Compensation Plan, substantially all of the authorized and available shares have been issued or are committed for issuance in 2013 and 2014. Accordingly, the Compensation Committee has determined that there are not sufficient shares available for issuance under the Incentive Compensation Plan to meet the remaining share requirements associated with the restricted stock units that will vest in the 2013 year, should we in our sole discretion choose to pay the remaining amounts in shares of Common Stock, and to meet our needs for future grants during the coming years, and an increase in available shares is necessary to continue granting incentive and reward opportunities to eligible participants while assisting us in retaining a competitive edge in today's volatile business environment.

If this proposal is not approved by our shareholders, the Incentive Compensation Plan will continue to be effective, and there will be no impact on the rights of existing award holders under the Incentive Compensation Plan. However, if this proposal is not approved by our shareholders, we do not expect to be able to issue any meaningful or valuable equity-based compensation awards pursuant to the Incentive Compensation Plan in the future, and we must reevaluate our compensation program in general.

Summary of the Incentive Compensation Plan

The following summary provides a general description of the material features of the Incentive Compensation Plan, and is qualified in its entirety by reference to the full text of the Incentive Compensation Plan, prior to giving effect to the proposed amendment, attached hereto as Appendix C. The purpose of the Incentive Compensation Plan is to provide incentives to our employees, officers, consultants and advisors to

devote their abilities and energies to our success. We intend to achieve the Incentive Compensation Plan's purpose by primarily providing grants of (i) incentive stock options qualified as such under U.S. federal income tax laws ("Incentive Options"), (ii) stock options that do not qualify as incentive stock options ("Nonstatutory Options," and together with Incentive Options, "Options"), (iii) restricted stock awards ("Restricted Stock Awards"), (iv) restricted stock units ("Restricted Stock Units"), (v) stock appreciation rights ("SARs"), (vi) bonus stock and other stock-based awards, (vii) dividend equivalents, either as stand-alone awards or in connection with other awards, (viii) performance units or shares ("Performance Awards"), which include annual incentive awards ("Annual Incentive Awards"), or (ix) any combination of such awards (collectively referred to as "Awards"). Individual terms applicable to the various Awards, such as vesting or transferability, may be established by the plan administrator at the time of grant. Any outstanding awards in existence at the expiration date of the Incentive Compensation Plan (which, after giving effect to the amendment, will be April 15, 2019) shall remain subject to the terms and conditions of the Incentive Compensation Plan beyond such date.

Administration

The Compensation Committee of our Board of Directors administers the Incentive Compensation Plan for all Covered Employees. The Compensation Committee will consist solely of two or more directors who qualify as "outside directors" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") unless it is determined unnecessary for purposes of Section 162(m) of the Code ("Section 162(m)"). Our then-current Chief Executive Officer and President will administer the Incentive Compensation Plan for all other eligible participants. For purposes of this Proposal, the term "Plan Administrator" will refer to the Compensation Committee, or the Chief Executive Officer and President, as applicable. The Plan Administrator will administer the Incentive Compensation Plan pursuant to its terms and all applicable state, federal or other rules or laws. Unless otherwise limited by the Incentive Compensation Plan, Rule 16b-3 of the Exchange Act, or any provisions of the Code, the Plan Administrator has broad discretion to administer the Incentive Compensation Plan, interpret its provisions and adopt policies for implementing the Incentive Compensation Plan. This discretion includes the power to determine when and to whom Awards will be granted, determine the amount of such Awards (measured in cash, shares of Common Stock or as otherwise designated), prescribe and interpret the terms and provisions of each Award agreement (the terms of which may vary), delegate duties under the Incentive Compensation Plan, terminate, modify or amend the Incentive Compensation Plan (subject to ratification by the Board), and to execute all other responsibilities permitted or required under the Incentive Compensation Plan.

All determinations by the Plan Administrator which were made within the Plan Administrator's discretion and authority regarding the Incentive Compensation Plan or an individual Award shall be final and binding.

Eligibility

The employees eligible to receive awards under the Incentive Compensation Plan are our regular full-time or part-time employees, or those of our affiliates; as of December 31, 2012, this would constitute 337 individuals. Our consultants and advisors are also eligible to participate following a determination by our Plan Administrator, in its sole discretion, that they should receive an Award pursuant to the Incentive Compensation Plan; as of December 31, 2012, this group consists of no individuals, but this number could change at the discretion of the Plan Administrator. As of December 31, 2012, no consultants or advisors have received awards under the Incentive Compensation Plan. Unless otherwise noted in an individual Award agreement, if an eligible employee is terminated or a consultant's services are terminated for cause, an award may be cancelled or required to be forfeited, as determined by the Board of Directors.

Individual Limits on Awards

Consistent with certain provisions of the Code, there are restrictions providing for a maximum number of shares of Common Stock that may be granted in any one year to a Covered Employee and a maximum amount of compensation payable as an award under the Incentive Compensation Plan to a Covered Employee. No Covered

Table of Contents

Employee may receive an award covering, nor may any qualified Performance Award payment be made that constitutes, more than 20% of the aggregate number of shares which were approved for issuance on the Effective Date of the Incentive Compensation Plan. This number is 733,458, or 20% of the 3,667,293 shares of Common Stock that were approved for issuance under the Incentive Compensation Plan on the Effective Date. The maximum amount of Awards designed to be paid in cash, or the maximum amount of Awards for which the settlement is not based on a number of shares of Common Stock, shall have a dollar amount of \$8,581,459, which is also the fair market value of 733,458 shares of our Common Stock on January 1, 2010, the Effective Date of the Incentive Compensation Plan. In the event that the Award is an Incentive Option, the value of the Common Stock covered by such an Award may not exceed \$100,000 in any one year.

With respect to a grant of Incentive Options, a participant must be an employee of ours or an employee of a corporate subsidiary of ours and, immediately before the time the Incentive Option is granted, the participant may not own stock possessing more than 10% of the total combined voting power or value of all classes of our stock or the stock of any of our subsidiaries (a "10% Participant") unless, at the time the Incentive Option is granted, the exercise price of the Incentive Option is at least 110% of the fair market value of the Common Stock underlying the Incentive Option.

Source of Shares

Stock issued under the Incentive Compensation Plan may come from authorized but unissued shares of our Common Stock, from Common Stock held in our company treasury or from previously issued shares of Common Stock we have acquired in the open market. If there is a forfeiture, termination or other surrender of Common Stock that underlies an Award, or our Common Stock was used to pay withholding taxes or an Option exercise price, those shares will again be available for issuance under the plan unless an applicable law or regulation prevents such re-issuance.

Awards Under the Incentive Compensation Plan

Performance Awards and Annual Incentive Awards. Under the Incentive Compensation Plan, Performance Awards may be designed as performance-based awards that may or may not also be designed to qualify as "performance-based compensation" as defined in Section 162(m). The Plan Administrator may also grant Annual Incentive Awards based on performance criteria for Performance Awards generally.

The performance criteria for Performance Awards is described below within Proposal 3—*Second Amendment to, and the Material Terms of, the W&T Offshore, Inc. Amended and Restated Incentive Compensation Plan*, where we are requesting the approval of the material terms of the Incentive Compensation Plan for purposes of Section 162(m).

Options. Under the Incentive Compensation Plan, the Plan Administrator may grant Options to eligible persons, including (i) Incentive Options (only to our employees or the employees of our corporate subsidiaries) which comply with Section 422 of the Code and (ii) Nonstatutory Options. The exercise price of each Option granted under the Plan will be stated in the Option agreement and may vary; provided, however, that the exercise price for an Option must not be less than 100% of the fair market value per share of the Common Stock as of the Option grant date. Options may be exercised as the Plan Administrator determines, but not later than 10 years from the date of grant (or in the case of a 10% Participant who has received an Incentive Option, five years). After giving effect to the amendment, the Incentive Compensation Plan provides that Incentive Options will not be granted after April 15, 2019. The Plan Administrator will determine the methods and form of payment for the exercise price of an Option (including, in the discretion of the Plan Administrator, payment in Common Stock, other Awards or other property) and the methods and forms in which Common Stock will be delivered to a participant.

The Plan Administrator will determine at the time of a grant of an Option whether to require forfeiture of the Options upon a termination of employment for any reason, or upon other events such as a "Change in Control" (as defined below).

Stock Appreciation Rights. A SAR is the right to receive an amount equal to the excess of the fair market value of one share of Common Stock on the date of exercise over the grant price of the SAR, as determined by the Plan Administrator. SARs may be awarded in connection with or separate from an Option. SARs awarded in connection with an Option will entitle the holder, upon exercise, to surrender the related Option or portion thereof relating to the number of shares for which the SAR is exercised. The surrendered Option or portion thereof will then cease to be exercisable. However, a SAR awarded in connection with an Option is exercisable only to the extent that the related Option is exercisable. SARs granted independently of an Option will be exercisable as the Plan Administrator determines. The term of a SAR will be for a period determined by the Plan Administrator. SARs may be paid in cash, Common Stock or a combination of cash and Common Stock, as the Plan Administrator provides in the Award agreement governing the SAR.

Restricted Stock Awards. A Restricted Stock Award is a grant of shares of Common Stock subject to a risk of forfeiture, restrictions on transferability and any other restrictions imposed by the Plan Administrator in its discretion. Restrictions may lapse at such times and under such circumstances as determined by the Plan Administrator. The Plan Administrator will determine at the time of grant whether the holder of a Restricted Stock Award has rights as a stockholder, including the right to receive dividends on the Common Stock subject to the Restricted Stock Award. Unless otherwise determined by the Plan Administrator, Common Stock distributed to a holder of a Restricted Stock Award in connection with a stock split or stock dividend, and other property (other than cash) distributed as a dividend, will be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock Award with respect to which such Common Stock or other property has been distributed. During the restricted period applicable to the Restricted Stock, the Restricted Stock may not be sold, transferred, pledged, hypothecated, margined or otherwise encumbered by the participant.

Restricted Stock Units. Restricted Stock Units are rights to receive Common Stock, cash or a combination of both at the end of a specified period. The Plan Administrator may subject Restricted Stock Units to restrictions (which may include a risk of forfeiture) to be specified in the Award agreement, and those restrictions may lapse at such times determined by the Plan Administrator. Restricted Stock Units may be settled by delivery of Common Stock, cash equal to the fair market value of the specified number of shares of Common Stock covered by the Restricted Stock Units or any combination thereof determined by the Plan Administrator. Dividend equivalents on the specified number of shares of Common Stock covered by Restricted Stock Units may be paid on a current, deferred or contingent basis, as determined by the Plan Administrator on or following the date of grant.

Bonus Stock and Other Stock-Based Awards. The Plan Administrator is authorized to grant Common Stock as a bonus, or to grant Common Stock or other Awards in lieu of obligations to pay cash or deliver other property under the Plan or under other plans or compensatory arrangements, subject to any applicable provision under section 16 of the Exchange Act. The Plan Administrator will determine any terms and conditions applicable to grants of Common Stock or other Awards, including performance criteria associated with an Award. Any grant of Common Stock to one of our officers or to an officer of one of our subsidiaries in lieu of salary or other cash compensation will be reasonable, as determined by the Plan Administrator.

Other Stock-Based Awards. The Plan Administrator may also grant Awards that may be denominated or payable in, or otherwise valued in reference to, the Common Stock. Such Awards may include, but are not limited to, convertible or exchangeable debt securities, other rights convertible or exchangeable into Common Stock, Awards with a value and payment contingent on the performance of the Common Stock or Awards valued by reference to the book value of the Common Stock.

Dividend Equivalents. Dividend equivalents may be granted in connection with other Awards, or they may be granted as standalone Awards, and will entitle a participant to receive cash, Common Stock, other Awards or other property equal in value to dividends paid with respect to a specified number of shares of Common Stock, or other periodic payments at the discretion of the Plan Administrator. The Plan Administrator may provide that dividend equivalents will be payable or distributed when accrued or deferred, or that they will be deemed

reinvested in additional Common Stock, Awards or other investment vehicles. The Plan Administrator will specify any restrictions on transferability and risks of forfeiture that are imposed upon dividend equivalents.

Recapitalizations and Changes in Control

Recapitalization Adjustment

If any change is made to our capitalization, such as a stock split, stock combination, stock dividend, exchange of shares or other recapitalization, merger or otherwise, which results in an increase or decrease in the number of outstanding shares of Common Stock, appropriate adjustments will be made by the Plan Administrator as to the number and price of shares subject to an Award. No adjustment will be made, however, if such an adjustment would cause an award intended to qualify as performance-based compensation to fail under Section 162(m) of the Code, or would cause an Incentive Option to fail under Section 422 of the Code.

Change in Control

Upon a Change in Control (as defined below), the Plan Administrator shall have the discretion to take any of the following actions, or, where the Plan Administrator determines it would be appropriate, to take no action at all: (i) accelerate the time to which Options and SARs may be exercisable in full; (ii) require the surrender of an Award in exchange for a cash payment; or (iii) make any such adjustments as the Plan Administrator determines appropriate.

The Incentive Compensation Plan defines a "Change in Control" to include: (i) the date that any person or group acquires 51% or more of the beneficial ownership of our outstanding common stock or the combined voting power of our securities, other than transactions by us or by one of our affiliates, our employee benefit plans, employee buy-outs, acquisitions by current security owners or by Mr. Krohn, his spouse and descendants, or entities or trusts under Mr. Krohn's control; (ii) a merger, reorganization or other similar business combination results in our current equity securities representing less than 50% of the combined voting power of the equity securities of the surviving or acquiring entity following the transaction; (iii) the majority of the Incumbent Board (as defined in the Incentive Compensation Plan) cease for any reason to constitute at least a majority of the Board; (iv) the date that any person or group acquires all or substantially all of our assets; or (v) the approval of our shareholders of our complete liquidation or dissolution (other than a voluntary or involuntary bankruptcy or dissolution). However, if payment of an Award needs to comply with Section 409A of the Code in order to prevent a 20% excise tax from being imposed on such an Award, then a "Change in Control" shall be defined as an event specifically noted within Section 409A.

Miscellaneous Provisions

Termination of Employment

Individuals must be employed by, or providing services to, us or one of our affiliates in order to receive payment or settlement of an Award under the Incentive Compensation Plan, unless the Plan Administrator has provided for alternative treatment in the individual Award agreement.

Discontinuance or Amendment of the Plan

Our Board of Directors may discontinue the Incentive Compensation Plan, or amend the terms of the Incentive Compensation Plan as permitted by applicable statutes, except that such amendment to the Incentive Compensation Plan may not revoke or unfavorably alter any outstanding Award. However, the Committee does have the right to amend, alter, suspend, discontinue or terminate any award under certain circumstances. Our Board of Directors may also not amend the Incentive Compensation Plan without shareholder approval where such approval is required by Rule 16b-3 of the Exchange Act, or any other applicable law or regulation. Amendments that are required to be approved by our shareholders under the rules of any stock exchange on which our Common Stock is trading will be approved by our shareholders at the next annual meeting following such an amendment.

Tax Withholding

We are entitled to withhold the amount of any tax attributed to any award granted under the Incentive Compensation Plan, at such times as we deem necessary or appropriate under the laws in effect at such time.

United States Federal Income Tax Consequences

The following is a brief summary of certain United States federal income tax consequences of certain transactions contemplated under the Incentive Compensation Plan based on federal income tax laws in effect on January 1, 2013. This summary applies to the Incentive Compensation Plan as normally operated and is not intended to provide or supplement tax advice to eligible participants. The summary contains general statements based on current United States federal income tax statutes, regulations and currently available interpretations thereof. This summary is not intended to be exhaustive and does not describe state, local or foreign tax consequences or the effect, if any, of gift, estate and inheritance taxes.

Tax Consequences to Grantees under the Incentive Compensation Plan

Incentive Options; Nonstatutory Options; SARs. Participants will not realize taxable income upon the grant of a Nonstatutory Option or a SAR. Upon the exercise of a Nonstatutory Option or SAR, a participant will recognize ordinary compensation income (subject to withholding) in an amount equal to the excess of (i) the amount of cash and the fair market value of the Common Stock received, over (ii) the exercise price (if any) paid therefor. A participant will generally have a tax basis in any shares of Common Stock received pursuant to the exercise of a SAR, or pursuant to the cash exercise of a Nonstatutory Option, that equals the fair market value of such shares on the date of exercise. We will generally be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a participant under the foregoing rules.

Participants eligible to receive an Incentive Option will not recognize taxable income on the grant of an Incentive Option. Upon the exercise of an Incentive Option, a participant will not recognize taxable income, although the excess of the fair market value of the shares of Common Stock received upon exercise of the Incentive Option ("ISO Stock") over the exercise price will increase the alternative minimum taxable income of the participant, which may cause such participant to incur alternative minimum tax. The payment of any alternative minimum tax attributable to the exercise of an Incentive Option would be allowed as a credit against the participant's regular tax liability in a later year to the extent the participant's regular tax liability is in excess of the alternative minimum tax for that year.

Upon the disposition of ISO Stock that has been held for the requisite holding period (generally, at least two years from the date of grant and one year from the date of exercise of the Incentive Option), a participant will generally recognize capital gain (or loss) equal to the excess (or shortfall) of the amount received in the disposition over the exercise price paid by the participant for the ISO Stock. However, if a participant disposes of ISO Stock that has not been held for the requisite holding period (a "Disqualifying Disposition"), the participant will recognize ordinary compensation income in the year of the Disqualifying Disposition in an amount equal to the amount by which the fair market value of the ISO Stock at the time of exercise of the Incentive Option (or, if less, the amount realized in the case of an arm's length disposition to an unrelated party) exceeds the exercise price paid by the participant for such ISO Stock. A participant would also recognize capital gain to the extent the amount realized in the Disqualifying Disposition exceeds the fair market value of the ISO Stock on the exercise date. If the exercise price paid for the ISO Stock exceeds the amount realized (in the case of an arm's-length disposition to an unrelated party), such excess would ordinarily constitute a capital loss.

Generally, we will not be entitled to a federal income tax deduction upon the grant or exercise of an Incentive Option, unless a participant makes a Disqualifying Disposition of the ISO Stock. If a participant makes a Disqualifying Disposition, we will then generally be entitled to a tax deduction that corresponds as to timing and amount with the compensation income recognized by a participant under the rules described in the preceding paragraph.

Table of Contents

Under current rulings, if a participant transfers previously held shares of Common Stock (other than ISO Stock that has not been held for the requisite holding period) in satisfaction of part or all of the exercise price of a Nonstatutory Option or Incentive Option, no additional gain will be recognized on the transfer of such previously held shares in satisfaction of the Nonstatutory Option or Incentive Option exercise price (although a participant would still recognize ordinary compensation income upon exercise of an Incentive Option in the manner described above). Moreover, that number of shares of Common Stock received upon exercise which equals the number of shares of previously held Common Stock surrendered therefor in satisfaction of the Nonstatutory Option or Incentive Option exercise price will have a tax basis that equals, and a capital gains holding period that includes, the tax basis and capital gains holding period of the previously held shares of Common Stock surrendered in satisfaction of the Nonstatutory Option or Incentive Option exercise price. Any additional shares of Common Stock received upon exercise will have a tax basis that equals the amount of cash (if any) paid by the participant, plus the amount of compensation income recognized by the participant under the rules described above. If a reload option is issued in connection with a participant's transfer of previously held Common Stock in full or partial satisfaction of the exercise price of an Incentive Option or Nonstatutory Option, the tax consequences of the reload option will be as provided above for an Incentive Option or Nonstatutory Option, depending on whether the reload option itself is an Incentive Option or Nonstatutory Option.

The Incentive Compensation Plan generally provides that the Awards may only be transferred according to the laws of descent and distribution; and the Incentive Compensation Plan allows the Plan Administrator to permit the transfer of Awards only in limited circumstances, such as a qualified domestic relations order or to certain family members with the Plan Administrator's prior consent.

The Internal Revenue Service (the "IRS") has not provided formal guidance on the income tax consequences of a transfer of Nonstatutory Options (other than in the context of divorce) or SARs. However, the IRS has informally indicated that after a transfer of stock options (other than in the context of divorce pursuant to a domestic relations order), the transferor will recognize income, which will be subject to withholding, and FICA/FUTA taxes will be collectible at the time the transferee exercises the stock options. If Nonstatutory Options are transferred pursuant to a domestic relations order, the transferee will recognize ordinary income upon exercise by the transferee, which will be subject to withholding, and FICA/FUTA taxes (attributable to and reported with respect to the transferor) will be collectible from the transferee at such time.

In addition, if a participant transfers a vested Nonstatutory Option to another person and retains no interest in or power over it, the transfer is treated as a completed gift. The amount of the transferor's gift (or generation-skipping transfer, if the gift is to a grandchild or later generation) equals the value of the Nonstatutory Option at the time of the gift. The value of the Nonstatutory Option may be affected by several factors, including the difference between the exercise price and the fair market value of the stock, the potential for future appreciation or depreciation of the stock, the time period of the Nonstatutory Option and the illiquidity of the Nonstatutory Option. The transferor will be subject to a federal gift tax, which will be limited by (i) the annual exclusion of \$14,000 per donee, (ii) the transferor's lifetime unified credit, or (iii) the marital or charitable deduction rules. The gifted Nonstatutory Option will not be included in the participant's gross estate for purposes of the federal estate tax or the generation-skipping transfer tax.

This favorable tax treatment for vested Nonstatutory Options has not been extended to unvested Nonstatutory Options. Whether such consequences apply to unvested Nonstatutory Options is uncertain, and the gift tax implications of such a transfer is a risk the transferor will bear upon such a disposition. The IRS has not specifically addressed the tax consequences of a transfer of SARs.

Restricted Stock Awards; Restricted Stock Units; Performance Awards; Cash Awards. A participant will recognize ordinary compensation income upon receipt of cash pursuant to a cash award or, if earlier, at the time the cash is otherwise made available for the participant to draw upon. A participant will not have taxable income at the time of a grant of a stock Award in the form of Restricted Stock Units, or Performance Awards denominated in Common Stock, but rather, will generally recognize ordinary compensation income at the time

Table of Contents

he receives cash or Common Stock in settlement of the Awards in an amount equal to the cash or the fair market value of the Common Stock received. In general, a participant will recognize ordinary compensation income as a result of the receipt of Common Stock pursuant to a Restricted Stock Award, Performance Award or Bonus Stock Award in an amount equal to the fair market value of the Common Stock when such stock is received; provided that, if the stock is not transferable and is subject to a substantial risk of forfeiture when received, a participant will recognize ordinary compensation income in an amount equal to the fair market value of the Common Stock (i) when the Common Stock first becomes transferable or is no longer subject to a substantial risk of forfeiture, in cases where a participant does not make an valid election under Section 83(b) of the Code or (ii) when the Common Stock is received, in cases where a participant makes a valid election under Section 83(b) of the Code.

A participant will be subject to withholding for federal, and generally for state and local, income taxes at the time he recognizes income under the rules described above with respect to Common Stock or cash received. Dividends that are received by a participant prior to the time that the Common Stock is taxed to the participant under the rules described in the preceding paragraph are taxed as additional compensation, not as dividend income. The tax basis in the Common Stock received by a participant will equal the amount recognized by him as compensation income under the rules described in the preceding paragraph, and the participant's capital gains holding period in those shares will commence on the later of the date the shares are received or the restrictions lapse.

Subject to the discussion immediately below, we will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a participant under the foregoing rules.

Tax Consequences to our Company

In order for the amounts described above to be tax deductible, such amounts must constitute reasonable compensation for services rendered or to be rendered and must be ordinary and necessary business expenses.

Our ability (or the ability of one of the Company's subsidiaries, as applicable) to obtain a deduction for future payments under the Incentive Compensation Plan could also be limited by the golden parachute payment rules of Section 280G of the Code, which prevent the deductibility of certain excess parachute payments made in connection with a change in control of an employer-corporation.

Finally, our ability (or the ability of one of the Company's subsidiaries, as applicable) to obtain a deduction for amounts paid under the Incentive Compensation Plan could be limited by Section 162(m), which limits the deductibility, for federal income tax purposes, of compensation paid to certain executive officers of a publicly traded corporation to \$1,000,000 with respect to any such officer during any taxable year of the corporation. However, an exception applies to this limitation in the case of certain performance-based compensation. In order to exempt performance-based compensation from the \$1,000,000 deductibility limitation, the grant or vesting of the Award relating to the compensation must be based on the satisfaction of one or more performance goals as selected by the Plan Administrator. Performance-based Awards intended to comply with Section 162(m) may not be granted in a given period if such Awards relate to shares of Common Stock which exceed a specified limitation or, alternatively, the performance-based Awards may not result in compensation, for a participant, in a given period which exceeds a specified limitation. As previously noted, under the Incentive Compensation Plan, a participant who receives an Award or Awards intended to satisfy the performance-based exception to the \$1,000,000 deductibility limitation may not receive performance-based Awards relating to more than 1,333,458 shares of Common Stock or, with respect to Awards not related to shares of Common Stock, \$21,375,331 in any given fiscal year (assuming Proposal 3 is approved by shareholders). Although the Incentive Compensation Plan has been drafted to satisfy the requirements for the performance-based compensation exception, the Plan Administrator may determine that it is in our best interests not to satisfy the requirements for the exception.

New Plan Awards

The Awards, if any, that will be made to eligible participants under the Incentive Compensation Plan are subject to the discretion of the Plan Administrator, and thus, we cannot currently determine the benefits or number of shares subject to Awards that may be granted in the future to our executive officers, employees or consultants under the Incentive Compensation Plan, as proposed to be amended, and therefore no New Plan Benefits Table is provided. There are also no Option Awards to report, as no Options have been granted under the Incentive Compensation Plan.

Required Vote

Approval of the adoption of the proposed first amendment to the Incentive Compensation Plan requires a majority of the votes be cast “FOR” the proposal. Unless marked to the contrary, proxies received will be voted “FOR” the approval of the first amendment to the Incentive Compensation Plan.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS YOU VOTE “FOR” APPROVAL OF THE FIRST AMENDMENT TO THE INCENTIVE COMPENSATION PLAN TO INCREASE THE SHARES OF COMMON STOCK AUTHORIZED FOR ISSUANCE UNDER OUR INCENTIVE COMPENSATION PLAN AND TO EXTEND THE TERM OF THE INCENTIVE COMPENSATION PLAN.

PROPOSAL 3
SECOND AMENDMENT TO, AND ALL MATERIAL TERMS OF, THE W&T OFFSHORE, INC. AMENDED AND RESTATED INCENTIVE COMPENSATION PLAN

Introduction

The Board of Directors, subject to the approval of our shareholders as required under the NYSE's rules, has approved the second amendment to the Incentive Compensation Plan, which would provide us with the ability to take certain transactions, accounting or legal changes and charges or certain other unusual items into account when determining whether performance goals that are applicable to Performance Awards under the Incentive Compensation Plan have been met. The proposed second amendment to the Incentive Compensation Plan is attached hereto as Appendix B, and the Incentive Compensation Plan, prior to giving effect to this proposed second amendment, is attached hereto as Appendix C.

In addition to approving the second amendment, we are also asking our shareholders to re-approve the material terms of the Incentive Compensation Plan, as amended, pursuant to Section 162(m) in order for the new shares of Common Stock to be added to the plan pursuant to Proposal 2 to be used for awards that are designed as performance-based compensation awards pursuant to Section 162(m) of the Code.

We desire to maintain our ability to deduct for federal income tax purposes the value of awards granted pursuant to the Incentive Compensation Plan. Our ability to use the additional shares of Common Stock that Proposal 2 would add to the Incentive Compensation Plan in order to grant tax-deductible awards to certain employees would be limited without receiving shareholder approval of the material terms of the Incentive Compensation Plan under Section 162(m). The Incentive Compensation Plan is intended to qualify for exemption from the deduction limitations of Section 162(m) by providing "performance-based compensation" to "covered employees" within the meaning of Section 162(m). Under Section 162(m), the federal income tax deductibility of compensation paid to our Chief Executive Officer and our three other most highly compensated officers (other than our principal financial officer) ("Covered Employees") determined pursuant to the executive compensation disclosure rules under the Securities Exchange Act of 1934 (the "Exchange Act") may be limited to the extent such compensation exceeds \$1,000,000 in any taxable year. However, we may deduct compensation paid to our Covered Employees in excess of that amount if it qualifies as "performance-based compensation" as defined in Section 162(m). Section 162(m) potentially could apply to all awards under the Incentive Compensation Plan, whether paid in cash or in shares of our Common Stock, if designed to be a Performance Award. In addition to certain other requirements, in order for awards under the Incentive Compensation Plan to constitute "performance-based compensation," the material terms of the Incentive Compensation Plan must be disclosed to and approved by our shareholders.

At the 2010 Annual Meeting, shareholders approved all material terms of the Incentive Compensation Plan for purposes of Section 162(m) of the Code, but because we are proposing material amendments to the plan in connection with the first and second amendments to the Incentive Compensation Plan, we are specifically requesting that our shareholders vote to re-approve: (i) the maximum amount of compensation that may be paid to a participant under the Incentive Compensation Plan in any fiscal year, (ii) the individuals eligible to receive compensation under the Incentive Compensation Plan, and (iii) the performance criteria on which the performance goals are based for purposes of Section 162(m) of the Code (which includes the second amendment to the Incentive Compensation Plan). Each of these items is discussed below, and shareholder approval of this proposal constitutes re-approval of each of these items for purposes of the Section 162(m) shareholder approval requirements.

If this proposal is not approved, certain equity-based awards granted to our Covered Employees in future years may not be deductible to the extent they exceed \$1,000,000, meaning that we may be limited in our ability to grant awards that are both deductible and that satisfy our compensation objectives.

Table of Contents

Maximum Amounts of Compensation

Consistent with certain provisions of the Code, there are restrictions providing for a maximum number of shares of Common Stock that may be granted in any one year to a Covered Employee and a maximum amount of compensation payable as an award under the Incentive Compensation Plan to a Covered Employee. No Covered Employee may receive an award covering, nor may any qualified Performance Award payment be made that constitutes, more than 20% of the aggregate number of shares which have been approved for issuance under the Incentive Compensation Plan. This number is 733,458, or 20% of the 3,667,293 shares of Common Stock that were approved for issuance under the Incentive Compensation Plan on the Effective Date. The maximum amount of Awards designed to be paid in cash, or the maximum amount of Awards for which the settlement is not based on a number of shares of Common Stock, shall have a dollar amount of \$8,581,459, which is also the fair market value of 733,458 shares of our Common Stock on January 1, 2010, the Effective Date of the Incentive Compensation Plan. In the event that the Award is an Incentive Option, the value of the Common Stock covered by such an Award may not exceed \$100,000 in any one year.

Eligibility

The employees eligible to receive awards under the Incentive Compensation Plan are our regular full-time or part-time employees, or those of our affiliates. Our consultants and advisors are also eligible to participate following a determination by our Plan Administrator that they should receive an Award pursuant to the Incentive Compensation Plan. Although Section 162(m) only limits the deductibility for compensation paid to a Covered Employee who is employed as of the end of the year, we may apply the performance goals described below to other senior officers in the event that any of them could be deemed to be a covered employee under the Section 162(m) regulations during the time that they hold the performance award.

Performance Criteria and Performance Awards

The Plan Administrator may use any measures of performance described below it deems appropriate in establishing performance conditions and may exercise its discretion, to the extent such discretion does not violate applicable law, to decrease the amounts payable under any Award based on such conditions; provided, however, the Plan Administrator may exclude the impact of certain events described below, which could result in an increase or decrease in the amounts payable under any award. Further, if an eligible person is a Covered Employee, and the Plan Administrator (which in this context, only the Compensation Committee will be eligible to administer the Award and make all applicable determinations) determines that the contemplated Award should qualify as “performance-based compensation” under Section 162(m), then the grant and/or settlement of such Award will be contingent upon achievement of one or more pre-established performance goals based on business criteria set forth below.

In the case of an Award to a person who is a Covered Employee, performance goals will consist of one or more of the business criteria described below and targeted levels of performance with respect to each of such criteria as specified by the Plan Administrator. Performance goals will be designed to be objective, “substantially uncertain” of achievement at the date of grant and will otherwise meet the requirements of Section 162(m) and regulations thereunder. Performance goals may vary among Award recipients or among Awards to the same recipient. Performance goals will be established not later than 90 days after the beginning of any performance period applicable to such Awards, or at such other date as may be required or permitted for “performance-based compensation” under Section 162(m). One or more of the following business criteria for our company, on a consolidated basis, and/or for specified subsidiaries or business or geographical units of our company (except with respect to the total shareholder return and earnings per share criteria), shall be used by the Plan Administrator in establishing performance goals for such Performance Awards: (1) earnings per share; (2) increase in revenues; (3) increase in cash flow; (4) increase in cash flow from operations; (5) increase in cash flow return; (6) return on net assets; (7) return on assets; (8) return on investment; (9) return on capital; (10) return on equity; (11) economic value added; (12) operating margin; (13) contribution margin; (14) net income; (15) net income per share; (16) pretax earnings; (17) pretax earnings before interest, depreciation and

Table of Contents

amortization; (18) pretax operating earnings after interest expense and before incentives, service fees, and extraordinary or special items; (19) pretax earnings after lease operating expenses and general and administrative expenses; (20) debt reduction; (21) market share; (22) change in the fair market value of our Common Stock; (23) operating income; (24) total shareholder return; (25) production growth; (26) reserves growth; and (27) reduction in general and administrative expenses; any of the above goals determined on an absolute or relative basis or as compared to the performance of a published or special index deemed applicable by the Plan Administrator including, but not limited to, the Standard & Poor's 500 Stock Index or a group of comparable companies. For purposes of items (1), (7), (8), (9), (10), (14), (16), (17), (19) and (23) above, the criteria may, or may not, exclude special items such as ceiling test impairment charges, loss on extinguishment of debt, derivative losses, interest rate swap losses and transaction costs associated with any acquisitions or dispositions affecting any specific criteria for the applicable year. One or more of the business criteria noted above shall also be exclusively used in establishing performance goals for Annual Incentive Awards granted to a Covered Employee under the Incentive Compensation Plan. If this Proposal 3 is approved, we may exclude the impact of any of the following events or occurrences which the Compensation Committee determines should appropriately be excluded: (a) asset write-downs; (b) litigation, claims, judgments or settlements; (c) the effect of changes in tax law or other such laws or regulations affecting reported results; (d) accruals for reorganization and restructuring programs; (e) any extraordinary, unusual or nonrecurring items as described in the Accounting Standards Codification Topic 225, as the same may be amended or superseded from time to time; (f) any change in accounting principles as defined in the Accounting Standards Codification Topic 250, as the same may be amended or superseded from time to time; (g) any loss from a discontinued operation as described in the Accounting Standards Codification Topic 360, as the same may be amended or superseded from time to time; (h) goodwill impairment charges; (i) operating results for any business acquired during the calendar year; (j) any significant asset sales; (k) third party expenses associated with any acquisition by us or any subsidiary; and (l) to the extent set forth with reasonable particularity in connection with the establishment of performance goals, any other extraordinary events or occurrences identified by the Compensation Committee. The Committee may, in its sole discretion, decline to exclude any of the foregoing to the extent the exercise of such discretion reduces the number of shares subject to vesting as a result of the attainment of the performance goals.

We feel that many of the business criteria noted above are generally applicable to many businesses, but we realize that certain of the business criteria above are industry-specific standards which need further explanation. The "ceiling test impairment charges" refer to an accounting adjustment. Under the full cost method of accounting that we use, we are periodically required to perform a "ceiling test," which determines a limit on the book value of our oil and natural gas properties. If the capitalized costs of our oil and natural gas properties exceeds the present value of future net revenues (as adjusted for certain items), the excess is charged to expense and reflected as additional accumulated depreciation, depletion and amortization; these charges are not recoverable or reversible in future periods. A "loss on extinguishment of debt" may occur where we write-off deferred financing costs related to certain loans or financial transactions or expenses related to early extinguishment of debt.

All determinations by the Plan Administrator as to the establishment, amount and achievement of performance goals will be made in writing; and the Plan Administrator may not delegate any responsibility relating to such Awards granted to Covered Employees under Section 162(m). The Plan Administrator will specify the circumstances under which Awards will be paid or forfeited if an Award holder is terminated before settlement.

For a detailed description of the remaining terms of the Incentive Compensation Plan, please see Proposal 2—*First Amendment to the W&T Offshore, Inc. Amended and Restated Incentive Compensation Plan*.

RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS**

The Audit Committee of our Board appointed Ernst & Young LLP (“Ernst & Young”), independent registered public accountants, to audit our consolidated financial statements as of and for the year ending December 31, 2013. We are advised that no member of Ernst & Young has any direct or material indirect financial interest in our Company or, during the past three years, has had any connection with us in the capacity of promoter, underwriter, voting trustee, director, officer or employee.

If the appointment is not ratified, the Audit Committee will consider the appointment of other independent registered accountants. A representative of Ernst & Young is expected to be present at the Annual Meeting, will be offered the opportunity to make a statement if the representative desires to do so and will be available to respond to appropriate questions.

Recommendation of the Board

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG AS THE COMPANY’S INDEPENDENT ACCOUNTANTS.

Audit Committee Report

The Board adopted a written charter setting forth the procedures and responsibilities of the Audit Committee. In addition, the Board appointed the undersigned directors as members of the Audit Committee. Each year, the Audit Committee reviews the charter and reports to the Board on its adequacy in light of applicable NYSE rules. In addition, the Company furnishes an annual written affirmation to the NYSE relating to Audit Committee membership, the independence and financial management expertise of the Audit Committee and the adequacy of the Audit Committee charter.

During the last year, and earlier this year in preparation for the filing with the SEC of the Annual Report on Form 10-K for the fiscal year ended December 31, 2012 (the “10-K”), the Audit Committee:

- met quarterly with the Company’s internal audit manager to review the scope of their review of internal controls and the quality of the Company’s financial reporting;

Table of Contents

- reviewed and discussed the audited financial statements with management and the Company's independent auditors;
- reviewed the overall scope and plans for the audit and the results of the independent auditors' examinations;
- met with management periodically during the year to consider the adequacy of the Company's internal controls and the quality of its financial reporting and discussed these matters with the Company's independent auditors and with appropriate Company financial personnel;
- discussed with the Company's senior management, independent auditors and appropriate Company financial personnel the process used for the Company's Chief Executive Officer and Chief Financial Officer to make the certifications required by the SEC and the Sarbanes-Oxley Act of 2002 in connection with the 10-K and other periodic filings with the SEC;
- reviewed and discussed with the independent auditors (1) their judgments as to the quality (and not just the acceptability) of the Company's accounting policies, (2) the written communication required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee concerning independence, and (3) the matters required to be discussed with the Audit Committee under auditing standards generally accepted in the United States, including Auditing Standard No. 16, "Communications with Audit Committees";
- recommended, based on these reviews and discussions, as well as private discussions with the independent auditors and appropriate Company financial personnel, to the Board the inclusion of the audited financial statements of the Company and its subsidiaries in the 10-K; and
- determined that the non-audit services provided to the Company by the independent auditors (discussed above under the Proposal 4, Ratification of Appointment of Independent Accountants), are compatible with maintaining the independence of the independent auditors. The Committee's pre-approval policies and procedures are discussed below.

Notwithstanding the foregoing actions and the responsibilities set forth in the Audit Committee charter, the charter clarifies that it is not the duty of the Audit Committee to prepare the Company's financial statements, to plan or conduct audits, to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles, or to assure compliance with applicable laws or the Company's policies, procedures and controls. Management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The independent auditors are responsible for expressing an opinion on those financial statements and on the effectiveness of internal control over financial reporting. Audit Committee members are not employees of the Company or, in certain cases, accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, the Audit Committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States, that the Company's internal controls over financial reporting were effective as of December 31, 2012 and on the representations of the independent auditors included in their reports on the Company's financial statements and effectiveness of internal control over financial reporting. The Audit Committee's failure to investigate any matter, to resolve any dispute or to take any other actions or exercise any of its powers in connection with the good faith exercise of its oversight functions shall in no way be construed as a breach of its duties or responsibilities to the Company, its directors or its shareholders.

The Audit Committee met regularly with management and the independent and internal auditors, including private discussions with the independent auditors and the Company's internal auditors, and received the communications described above. The Audit Committee has also established procedures for (a) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and (b) the confidential, anonymous submission by the Company's employees of

Table of Contents

concerns regarding questionable accounting or auditing matters. However, this oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles or that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards.

The Audit Committee maintains written procedures that require it to annually pre-approve the scope of all auditing services to be performed by the Company's independent auditor. The Audit Committee's procedures prohibit the independent auditor from providing any non-audit services unless the service is permitted under applicable law and is pre-approved by the Audit Committee or its Chair. Although applicable regulations waive these pre-approval requirements in certain limited circumstances, the Audit Committee reviews and pre-approves all non-audit services provided by Ernst & Young. The Audit Committee has determined that the provision of Ernst & Young's non-audit services is compatible with maintaining Ernst & Young's independence.

If you would like additional information on the responsibilities of the Audit Committee, please refer to its charter, a copy of which is posted on the Company's website at www.wtoffshore.com and is available in print to any shareholder who requests it.

CORPORATE GOVERNANCE

Corporate Governance Guidelines; Code of Business Conduct and Ethics

A complete copy of the Company's corporate governance guidelines, which the Board reviews at least annually, is posted on the Company's website at www.wtoffshore.com and is available in print to any shareholder who requests it. The Board has adopted a Code of Business Conduct and Ethics that applies to all employees, officers and directors. A complete copy of the Code of Business Conduct and Ethics is posted on the Company's website at www.wtoffshore.com and is available in print to any shareholder who requests it. Because Tracy W. Krohn, the Company's Chairman and Chief Executive Officer, controls approximately 52.76% of the outstanding shares of Common Stock, the Company is a "controlled company" under NYSE Corporate Governance Rules. Accordingly, the Company is not required to maintain a (i) majority of independent directors on the Board, (ii) Nominating and Corporate Governance Committee composed entirely of independent directors or (iii) Compensation Committee composed entirely of independent directors. Notwithstanding these exemptions, a majority of the directors on the Board are independent. In addition, the Company requires that the Compensation Committee of the Board consist entirely of independent directors, as is more fully discussed under the heading "—Standing Committees of the Board" below.

Independence

After reviewing the qualifications of our current directors and nominees, and any relationships they may have with the Company that might affect their independence, the Board has determined that each director and nominee, other than Mr. Krohn, is "independent" as that concept is defined by the NYSE's Listed Company Manual. In making the determinations of director independence, the Board considered the relationships described below.

Mr. Stanley serves as a trustee for the Krohn Children Trust No. 1 (the "Children Trust"), a trust which was set up by Mr. Krohn for the benefit of his children. Mr. Stanley receives \$400 in annual compensation for serving as trustee of the Children Trust. The Children Trust does not currently hold any shares of W&T Common Stock. In addition, Mr. Stanley serves on the investment committee for the Tracy and Laurie Krohn Educational Trust of 2012 (the "Educational Trust"), a trust which was set up by Mr. Krohn for the benefit of his and his wife's grandchildren and other descendants. Mr. Stanley currently receives no compensation for serving on the investment committee of the Educational Trust and the Educational Trust does not currently hold any shares of W&T Common Stock.

Ms. Boulet is employed as Special Counsel at Adams and Reese, LLP, a law firm which provides legal services to a business owned by Mr. Krohn. During 2012, Adams and Reese, LLP did not receive more than \$120,000 in compensation for such services.

Board Leadership Structure

Tracy W. Krohn serves as the Company's Chairman and Chief Executive Officer and controls approximately 52.76% of the outstanding shares of Common Stock. The Board believes its leadership structure is justified by the efficiencies of having the Chief Executive Officer also serve in the role of Chairman of the Board, as well as due to Mr. Krohn's role in founding the Company and his continued significant ownership interest in the Company.

Notwithstanding the Company's status as a "controlled company" under the NYSE's rules and the Company's ability to rely on certain exemptions discussed above in "—Corporate Governance Guidelines; Code of Business Conduct and Ethics," **the Company complies with a number of the more strict NYSE governance standards, including having a majority of independent directors on the Board and having a Compensation Committee comprised solely of independent directors.**

Table of Contents

Standing Committees of the Board

The Board has three standing committees—the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. The Audit Committee was established in accordance with the NYSE rules and regulations and meets the requirements of Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). As discussed above, the Company is a “controlled company” within the meaning of the rules of the NYSE, and, accordingly, is not required to maintain an independent Compensation Committee or an independent Nominating and Corporate Governance Committee. The Company believes, however, that it is in its best interests to have the Compensation Committee consist entirely of independent directors. As such, the Company’s Compensation Committee Charter adopted by the Board requires all members to be independent.

Audit Committee

Messrs. Nelson, Gibara, Israel, Katz and Stanley sit on the Company’s Audit Committee. Mr. Nelson is Chair of the Audit Committee. The Board has determined that each of Messrs. Nelson, Gibara, Israel, Katz and Stanley are “independent” under the standards of both the NYSE and Section 10A of the Exchange Act and are financially literate and Mr. Nelson has been designated as the “audit committee financial expert,” as defined under Item 407 of Regulation S-K promulgated under the Exchange Act. Following Mr. Gibara’s departure from the Board in connection with the 2013 Annual Meeting, the size of the Audit Committee will be reduced from five to four members.

The Audit Committee establishes the scope of and oversees the annual audit, including recommending the independent registered public accountants that audit the Company’s financial statements and approving any other services provided by the independent registered public accountants. The Audit Committee also assists the Board in fulfilling its oversight responsibilities by (1) overseeing the Company’s system of financial reporting, auditing, controls and legal compliance, (2) overseeing the operation of such system and the integrity of the Company’s financial statements, overseeing the qualifications, independence and performance of the outside auditors and any internal auditors who the Company may engage, and (3) periodically reporting to the Board concerning the activities of the Audit Committee. In performing its obligations, it is the responsibility of the Audit Committee to maintain free and open communication between it, the Company’s independent auditors, the internal accounting function and the management of the Company. The Audit Committee’s functions are further described under the heading “Proposal 4, Ratification of Appointment of Independent Accountants—Audit Committee Report.” A copy of the Audit Committee’s Charter is posted on the Company’s website at www.wtoffshore.com and is available in print to any shareholder who requests it.

Nominating and Corporate Governance Committee

Ms. Boulet and Messrs. Krohn and Stanley serve as members of the Nominating and Corporate Governance Committee of the Board. Ms. Boulet is Chair of the Nominating and Corporate Governance Committee. Ms. Boulet and Mr. Stanley are the only members of the Nominating and Corporate Governance Committee considered independent as defined by the NYSE’s Listed Company Manual. The purpose of the Nominating and Corporate Governance Committee is to nominate candidates to serve on the Board and to recommend director compensation. Once the Nominating and Corporate Governance Committee has recommended director compensation, the Board subsequently approves director compensation. The factors and processes used to select potential nominees are more fully described in the section entitled “—Identifying and Evaluating Nominees for Directors.” The Nominating and Corporate Governance Committee is also responsible for monitoring a process to annually assess Board effectiveness, developing and implementing corporate governance guidelines and taking a leadership role in regulating the corporate governance of the Company. A copy of the Nominating and Corporate Governance Committee’s Charter is posted on the Company’s website at www.wtoffshore.com and is available in print to any shareholder who requests it.

Table of Contents

Compensation Committee

Ms. Boulet and Messrs. Gibara, Katz and Stanley serve as members of the Compensation Committee. Mr. Gibara is the Chair of the Compensation Committee. All of these individuals qualify as (i) independent under NYSE listing standards, Section 10C of the Exchange Act, and the Company's corporate governance guidelines, (ii) "non-employee directors" under Rule 16b-3 promulgated under the Exchange Act and (iii) "outside directors" under Section 162(m) of the Code. Following Mr. Gibara's departure from the Board in connection with the 2013 Annual Meeting, the size of the Compensation Committee will be reduced from four to three members, and if reelected to serve on the Board, Mr. Katz will serve as Chair of the Compensation Committee after the 2013 Annual Meeting.

The Compensation Committee performs an annual review of the compensation and benefits of the executive officers and senior management, establishes and reviews general policies related to employee compensation and benefits and administers the Incentive Compensation Plan and the Directors Compensation Plan. Under the terms of its charter, the Compensation Committee also determines the compensation for Mr. Krohn, the Chief Executive Officer of the Company. The Compensation Committee has the power to delegate some or all of its power and authority in administering the Incentive Compensation Plan of the Company to the Chief Executive Officer, other senior members of management or committee or subcommittee, as the Committee deems appropriate; however, the Compensation Committee may not delegate its authority to an individual with regard to any matter or action under the Incentive Compensation Plan for an officer that is subject to Section 16 of the Exchange Act. If you would like additional information on the responsibilities of the Compensation Committee, please refer to its charter, which is available on our website at www.wtoffshore.com and is available in print to any shareholder who requests it.

Additional Information About Certain Directors

Mr. Samir G. Gibara has informed the Board that he does not wish to stand for re-election. Accordingly, Mr. Gibara's term as a member of the Board will expire immediately prior to the 2013 Annual Meeting, at which time the size of the Board will be reduced from seven to six directors. The Board expresses its gratitude to Mr. Gibara for his contributions during his five years of service on the Board. The Board has determined that, in connection with his departure from the Board, all of Mr. Gibara's unvested restricted stock that is subject to time-based vesting will immediately vest as of the 2013 Annual Meeting date.

Samir G. Gibara, age 73, has served on the Board since May 2008. Mr. Gibara served as the Chair of our Compensation Committee and was a member of our Audit Committee. Mr. Gibara is a private investor and he has served on the board of directors of Edgen Group Inc. since May 2012, as the Chairman of the audit committee and member of the nominating and corporate governance committee. He served as Chairman of the board and Chief Executive Officer of The Goodyear Tire & Rubber Company ("Goodyear") from 1996 to his retirement in 2002 and remained as non-executive chairman until June 30, 2003. Prior to 1996, Mr. Gibara served that company in various managerial posts before being elected President and Chief Operating Officer in 1995. Mr. Gibara is a graduate of Cairo University and holds a M.B.A. from Harvard University. Mr. Gibara also attended the Kellogg Graduate School of Management at Northwestern University. He has served on the boards of directors of Goodyear (1996—2003), Sumitomo Rubber Industries (1999—2002), Dana Corp. (2004—2008) and International Paper Company (1999—2011). Mr. Gibara is a member of the investment committee of the University of Akron Foundation.

Risk Oversight

Our Board oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance shareholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of

Table of Contents

risk is appropriate for the Company. The involvement of the full Board in setting the Company's business strategy is a key part of its assessment of management's tolerance for risk and also a determination of what constitutes an appropriate level of risk for the Company.

While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls, and receives an annual risk assessment report from the Company's internal auditors. In addition, in setting compensation, the Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with the Company's business strategy.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee are set forth above. The Compensation Committee is comprised entirely of independent directors. In addition, none of the Company's executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving as a member of our Board or Compensation Committee.

Consulting Fees and Services and Conflicts of Interest

Other than services involving only broad-based non-discriminatory plans or providing survey information, our compensation consultant, Towers Watson, did not provide non-executive compensation consulting services to the Company in an amount in excess of \$120,000 in 2012. The Compensation Committee selects our compensation consultants and other Compensation Committee advisors taking into consideration the factors identified by the SEC rules and regulations and the NYSE listing standards. The Compensation Committee has concluded that the work of our compensation consultant has not raised any conflict of interest. Please read "Compensation Discussion and Analysis—Role of the Compensation Committee, its Consultants and Management" for more information about the role of our compensation consultant in our executive compensation programs.

Meetings of the Board and the Committees of the Board

During 2012, the Board held six meetings, the Compensation Committee held five meetings, the Nominating and Corporate Governance Committee held one meeting and the Audit Committee held four meetings. All of the directors attended at least 75% of the meetings of the Board and at least 75% of the meetings of the committees on which they served during 2012.

The Company's directors are encouraged to attend the Annual Meeting, but the Company does not otherwise have a policy regarding such attendance. All directors, except Mr. Gibara, were present at the Annual Meeting held in 2012.

Legal Proceedings

Currently, no director or executive officer, to our knowledge, is a party to any material legal proceeding adverse to the interests of the Company. Additionally, to our knowledge no director or executive officer has a material interest in a material proceeding adverse to the Company.

Director Nomination Process

The Nominating and Corporate Governance Committee will consider all properly submitted shareholder recommendations of candidates for election to the Board. Pursuant to Section 12 of the Company's Bylaws, any shareholder may nominate candidates for election to the Board by giving timely notice of the nomination to the Corporate Secretary of the Company. The Company's Bylaws require that any such shareholder must be a

shareholder of record at the time it gives notice of the nomination. To be considered a timely nomination, the shareholder's notice must be delivered to the Corporate Secretary at the Company's principal office no later than 90 days prior to the first anniversary of the preceding year's Annual Meeting and no earlier than 120 days prior to the first anniversary of the preceding year's Annual Meeting. In evaluating the recommendations of the shareholders for director nominees, as with all other possible director nominees, the Nominating and Corporate Governance Committee will address the criteria set forth below under the heading "—Identifying and Evaluating Nominees for Directors."

Any shareholder recommendations for director nominees should include the candidate's name, qualifications and written consent to being named in the proxy statement and to serving on the Board if elected. The shareholder must also include any other business that the shareholder proposes to bring before the meeting, the reasons for conducting such business at the meeting, any material interest in such business of such shareholder and the beneficial owner, if any, on whose behalf the proposal is made. Additionally, the shareholder must provide his name and address, the name and address of any beneficial owner on whose behalf the shareholder is acting and the number of shares of Common Stock beneficially owned by the shareholder and any beneficial owner for whom the shareholder is acting. Such written notice should be sent to:

Identifying and Evaluating Nominees for Directors

The Nominating and Corporate Governance Committee is responsible for leading the search for individuals qualified to serve as directors. The Nominating and Corporate Governance Committee evaluates candidates for nomination to the Board, including those recommended by shareholders, and conducts appropriate inquiries into the backgrounds and qualifications of possible candidates. The Nominating and Corporate Governance Committee then recommends nominees to the Board to be presented for election as directors at meetings of the shareholders or of the Board. As indicated above, shareholders may recommend possible director nominees for consideration to the Nominating and Corporate Governance Committee.

In evaluating nominees to serve as directors on the Board and in accordance with the Company's Corporate Governance Guidelines, the Nominating and Corporate Governance Committee selects candidates with the appropriate skills and characteristics required of Board members. Pertinent to this inquiry is the following non-exhaustive list of factors: independent business or professional experience; integrity and judgment; records of public service; ability to devote sufficient time to the affairs of the Company; diversity of background, experience and competencies that the Board desires to have represented; age; skills; occupation; and understanding of financial statements and financial reporting systems.

The Nominating and Corporate Governance Committee will also consider and weigh these factors in light of the current composition and needs of the Board.

Director Compensation

Directors who are also employees of the Company receive no additional compensation for serving as directors or committee members. The Board and shareholders adopted the 2004 Directors Compensation Plan, which provides that the Compensation Committee may grant stock options or restricted or unrestricted stock to non-employee directors. A total of 666,918 shares of Common Stock were initially reserved for issuance under the 2004 Directors Compensation Plan.

Table of Contents

We provide each of the non-employee directors of the Company the following compensation:

- (i) an annual retainer of \$110,000, payable in equal quarterly installments;
- (ii) at each annual meeting of shareholders, a restricted stock grant pursuant to the Company's 2004 Directors Compensation Plan covering shares of Common Stock of the Company having a fair market value (calculated as of the close of trading on the NYSE on the date of the annual board meeting) equal to \$70,000;
- (iii) compensation of \$1,500 for each meeting of the Board or any Board committee meeting attended;
- (iv) compensation of \$1,000 for each Board unanimous written consent executed;
- (v) compensation of \$1,500 for each day that a Board member attends a seminar (up to two seminars a year) concentrating on matters relating to responsibilities of Board members;
- (vi) compensation of \$5,000 for serving on any committee of the Board (except Chair of the Audit Committee);
- (vii) compensation of \$5,000 for serving as chair of any committee of the Board (except Chair of the Audit Committee); and
- (viii) compensation of \$15,000 for serving as Chair of the Audit Committee of the Board.

The terms of the restricted stock grant are as set forth in the Company's 2004 Directors Compensation Plan, with restrictions lapsing with respect to one-third of the shares subject to the restricted stock grant on each of the first, second and third anniversary dates of the date of grant.

The following table sets forth a summary of the compensation the Company paid to its non-employee directors in 2012:

The discussion of the assumptions used in calculating these values can be found in Note 11 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2012 filed with the SEC.

Director Stock Ownership Guidelines. Effective as of January 1, 2011, our Board adopted amendments to the director stock retention guidelines (the “Director Policy”), which applies to each of our non-employee directors. Under the Director Policy, no such director may sell or transfer any shares of Common Stock that such director beneficially owns (e.g., by a spouse or other immediate family member residing in the same household or a trust for the benefit of the director or his or her family) until he or she beneficially owns a number of shares of Common Stock, having an aggregate value of at least \$500,000.

Communications with the Board

At each regular meeting of the Board, the non-employee directors meet in scheduled executive sessions without management. The non-employee directors elected S. James Nelson, Jr. as the Presiding Director of those meetings. As set forth on the Company’s website (www.wtoffshore.com), interested parties who would like to contact Mr. Nelson on a confidential basis may do so by sending an email to Presiding_Director@wtoffshore.com or by mailing a written communication to Presiding Director, W&T Offshore, Inc., Nine Greenway Plaza, Suite 300, Houston, Texas 77046.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis provides a general description of our compensation program and specific information about its various components, which are largely base salaries, short- and long-term incentive and retention programs, retirement plans and health and welfare benefits. This Compensation Discussion and Analysis also provides information about our Chief Executive Officer, Chief Financial Officer and each of the Company's other three most highly compensated executive officers (the "Named Executive Officers"), and is intended to place in perspective the information contained in the executive compensation tables that follow this discussion.

Throughout this discussion, the following individuals are referred to as the "Named Executive Officers" and are included in the Summary Compensation Table and other compensation tables that follow this Compensation Discussion and Analysis:

- Tracy W. Krohn—Chairman and Chief Executive Officer
- Jamie L. Vazquez—President
- John D. Gibbons—Senior Vice President, Chief Financial Officer and Chief Accounting Officer
- Stephen L. Schroeder—Senior Vice President and Chief Technical Officer
- Thomas F. Getten—Vice President, General Counsel and Corporate Secretary

Compensation Philosophy and Objectives

The primary objectives of our compensation program for the Named Executive Officers are to attract, as needed, and retain the best possible executive talent, to stimulate the Company's Named Executive Officers' efforts on our behalf in a way that supports our financial performance objectives and business strategy, and to align their incentives with enhancement of shareholder value. In particular, our compensation program for Named Executive Officers is designed to reward superior job performance and individual initiative to help increase the Company's oil and gas reserves, production rates, earnings per share and Adjusted EBITDA Margin and to appropriately manage lease operating expenses ("LOE"), general and administrative ("G&A") expense and finding and development ("F&D") costs. Under its charter, the Compensation Committee sets the compensation of our Chief Executive Officer and reviews and approves the evaluation process and the compensation of our other Named Executive Officers. The Compensation Committee has approved metrics by which executive cash incentives and stock-related incentives will be awarded through the Company's incentive plans. In that effort, the Compensation Committee applied the following compensation strategies in connection with its deliberations:

- To compensate the Named Executive Officers so that their aggregate compensation compares favorably with the total compensation of executives at peer group companies as well as companies with similar areas of operations and revenues in the oil and gas industry.
- To provide over 50% of the Named Executive Officers' total compensation in the form of equity-based incentive compensation based upon the Company's performance.
- To subject all short- and long-term incentive compensation awards to defined performance-based targets as approved by the Compensation Committee (as such, these awards are designed to comply with Section 162(m) of the Code for the applicable Named Executive Officers and are deductible for purposes of calculating federal income tax).

Role of the Compensation Committee, its Consultants and Management

Our Board has entrusted the Compensation Committee to carry out the Board's overall responsibility relating to the compensation of our senior executives, including our Named Executive Officers. Our Chief

Table of Contents

Executive Officer and President also play an important role in the executive compensation process by overseeing the performance and dynamics of the executive team and generally keeping the Compensation Committee informed. All final approvals regarding our Named Executive Officers' compensation remain with the Compensation Committee. The Compensation Committee has the authority to engage the services of outside advisors, experts and others to assist in performing its responsibilities. It selects our compensation consultants and other advisors taking into consideration the factors identified by the SEC rules and regulations and the NYSE listing standards, as described in greater detail within the Corporate Governance section above. The Company has retained Towers Watson, an independent consulting firm experienced in executive and overall compensation practices and policies, to assist the Compensation Committee in calibrating the form and amount of executive compensation, as applicable. The Compensation Committee has concluded that the work of Towers Watson has not raised any conflict of interest.

The Compensation Committee typically works with our Chief Executive Officer and President to implement and promote our executive compensation strategy. Our Chief Executive Officer and President are instrumental to this process. The most significant aspects of management's involvement in this process are:

- preparing meeting agendas and materials in advance of Compensation Committee meetings for review by the Compensation Committee members;
- evaluating employee performance;
- meeting with compensation consultants, legal counsel or other advisors;
- recommending our business goals, subject to approval by the Compensation Committee;
- providing background information regarding our business goals; and
- recommending the compensation arrangements and components for our employees, including Named Executive Officers.

The Compensation Committee, together with the assistance and recommendation of our Chief Executive Officer and President, compensation consultants and any legal counsel or other advisors deemed appropriate by the Compensation Committee, typically reviews and discusses each particular executive compensation component presented and approves the compensation of the Named Executive Officers other than our Chief Executive Officer and President. In the case of our Chief Executive Officer and President, the Compensation Committee reviews and discusses each compensation component, together with compensation consultants and any counsel, other advisors or members of management deemed appropriate by the Compensation Committee. Following this review, the Compensation Committee, meeting without management in attendance, sets the salary and other compensation of our Chief Executive Officer and President.

Market Analysis

When making compensation decisions, the Compensation Committee considers comparative compensation information of select peer and industry companies as a reference in its review and approval of compensation for our Named Executive Officers. This review is done with respect to both the structure of our executive compensation program as well as the targeted amount of compensation.

Towers Watson was retained by the Company with the approval of the Compensation Committee as an independent compensation consultant to provide this comparative executive compensation analysis. In October 2011, Towers Watson provided us comparative compensation data based on the following proprietary and confidential industry compensation surveys:

- Towers Watson 2011 Oil & Gas Compensation Survey, consisting of data for selected companies with revenues less than \$2 billion; and

Table of Contents

- Mercer 2011 Energy Industry Surveys, consisting of data for selected companies engaged in exploration and production of oil and gas with revenues of approximately \$1 billion to \$3 billion.

The Compensation Committee determined that our peer group should be reviewed annually. Towers Watson provided us comparative compensation data based on its review of the 2011 proxy statements of certain companies based on having revenues and areas of operations similar to those of the Company. In October 2011, the Compensation Committee reviewed the peer group used in 2011, which had previously been revised in 2010 based on companies having market capitalizations, revenues and areas of oil and gas operations similar to the Company. Certain companies were included at that time with larger capitalizations because of their principal location in Texas and the fact that they compete with the Company for personnel. The following companies (the "Peer Group") were determined to be our peers in 2012, which comprises the same group of peer companies as in 2011:

- Apache Corporation
- ATP Oil & Gas Corporation
- Bill Barrett Corp.
- Cabot Oil & Gas Corporation
- Comstock Resources, Inc.
- Energy XXI (Bermuda) Limited
- Forest Oil Corporation
- McMoRan Exploration Co.
- Newfield Exploration Company
- SandRidge Energy, Inc.
- SM Energy Company
- Stone Energy Corporation, and
- Swift Energy Co.

In October 2011, Towers Watson provided us an update of its compensation analysis and overview of compensation practices based on 2011 published survey sources and 2011 proxy filings. Towers Watson provided comparative compensation data based on its review of the 2011 proxy statements of the Peer Group. The Compensation Committee was provided data at the 25th, 50th and 75th percentiles for each executive position and for each pay component. The data was adjusted, for differences in individual responsibilities and duties and differences in revenue scope for each position relative to comparator company positions.

Although the Compensation Committee reviews all data, management assembles the data collected by its compensation consultant and provides that information to the Compensation Committee. Using this data, total compensation, consisting of cash and equity, is generally targeted within 50th percentile and the 75th percentile for a comparable position.

Because the comparative compensation information is just one of the inputs used in setting executive compensation, the Compensation Committee has discretion in determining the nature and extent of its use. When exercising its discretion, the Compensation Committee may consider factors such as the nature of officer's duties and responsibilities as compared to the corresponding position in the survey and Peer Group, the experience and value the officer brings to the role, the officer's performance results, demonstrated success in meeting key financial and other business objectives and the amount of the officer's pay relative to the pay of his or her peers within our company. In setting compensation for 2012, the Compensation Committee and Towers Watson used 2011 compensation data as it deemed appropriate.

Elements of Executive Compensation

Our Named Executive Officers' compensation currently has three primary components—base salary, annual cash incentive compensation and long-term incentive compensation. Pursuant to the Incentive Compensation Plan, we may grant cash incentive awards, stock-based awards or a combination of both. In 2010, we established cash incentive awards and performance-based restricted stock unit awards ("RSUs"). Each component of the compensation program serves a particular purpose. Base salary is primarily designed to reward current and past performance and may be adjusted from time to time to realign salaries with market levels. Annual cash incentive awards are granted to incentivize our Named Executive Officers to assist the Company in achieving its performance goals, as well as to achieve their individual performance goals. The performance-based RSU award is designed to align the interests of Named Executive Officers and shareholders with regard to long-term financial performance of the Company and to support retention of our Named Executive Officers. In addition, our Named Executive Officers participate in the benefit plans and programs that are generally available to all employees of the Company and receive perquisites and other personal benefits, all of which are intended to be part of a competitive overall compensation program.

Base Salary. Base salaries for our Named Executive Officers are established based on their role within the Company and the scope of their responsibilities, taking into account between the 50th and the 75th percentile of market compensation paid by the Peer Group and survey companies described above. Their base salaries are reviewed annually and adjusted from time to time to realign salaries with those market levels after taking into account individual responsibilities, performance, experience and/or cost of living.

Annual Cash Incentive Compensation Plan

We grant annual cash incentive awards pursuant to the Incentive Compensation Plan. For 2012, our executive annual incentive cash awards program (the "Cash Incentive Awards") was designed to align executive officer pay with the Company's financial performance, as well as performance against important short-term initiatives. The Cash Incentive Awards reward our Named Executive Officers based on the achievement of company and individual performance objectives (the "Performance Metrics"). Under the plan, the Compensation Committee establishes threshold, target and maximum award payout opportunities for each Named Executive Officer as a percentage of annual base salary (the "target cash incentive amount") at certain levels of performance. If threshold performance is achieved for all Performance Metrics, including individual performance, then the Named Executive Officer would be entitled to receive 50% of his or her target cash incentive amount. If target performance is achieved, then the Named Executive Officer is entitled to receive 100% of his or her target cash incentive amount. Maximum performance results in a payout amount equal to 200% of the Named Executive Officer's target cash incentive amount. If the performance achieved for all Performance Metrics does not result in the achievement of at least the threshold level of performance, then the Named Executive Officer shall not be entitled to any cash incentive award. For the Named Executive Officers, the fiscal 2012 target cash incentive amounts were as follows:

<u>Named Executive Officer</u>	<u>2012 Target Cash Incentive Amount as a % of Base Salary</u>
Tracy W. Krohn	100%
Jamie L. Vazquez	90%
John D. Gibbons	90%
Stephen L. Schroeder	75%
Thomas F. Getten	80%

Table of Contents

To arrive at the 2012 payout number, the 2012 annual cash incentive award was contingent upon our attainment of the following criteria under the Incentive Compensation Plan. The following is a description of the 2012 Performance Metrics under the Incentive Compensation Plan:

Business Criteria	Threshold Objective	Threshold Weighting	Target Objective	Target Weighting	Maximum Objective	Maximum Weighting
Production Growth (1)	Greater than 105 Befe	10%	Greater than 113 Befe	20%	Greater than 125 Befe	40%
Reserve Growth (2)	Greater than 116 Befe increase over 2011 year end reserves	10	Greater than 130 Befe increase over 2011 year end reserves	20	Greater than 200 Befe increase over 2011 year end reserves	40
F&D Costs (3)	Must not exceed \$3.60/Mcfe at year end 2012	2.5	Must not exceed \$3.25/Mcfe at year end 2012	5	Must not exceed \$2.25/Mcfe at year end 2012	10
LOE and G&A (4)	No more than 9% increase	2.5	No more than a 7% increase	5	Less than 3% increase	10
Company Criteria						
Net Earnings Per Share (diluted) ("EPS")	Greater than \$1.50/share	10	Greater than \$2.00/share	20	Greater than \$2.50/share	40
Adjusted EBITDA Margin Percentage (5)	Greater than 60% at year-end 2012	10	Greater than 63% at year-end 2012	20	Greater than 70% at year-end 2012	40
Individual Criteria						
Individual Performance (6)	Met Expectations	5	Exceeded Expectations	10	Far Exceeded Expectations	20
Total		50%		100%		200%

- "Production Growth" calculations are based upon increases in production on a Mcfe basis between the Company's 2011 fiscal year and the 2012 fiscal year. "Mcfe" is defined as one thousand cubic feet equivalent, determined using the ratio of six Mcf of natural gas to one barrel of crude oil or other liquid hydrocarbons.
- The threshold, target and maximum levels for the "Reserve Growth" calculation are based upon additions/revisions to reserves on a Mcfe basis in the 2012 fiscal year in excess of fiscal 2011 production; however, dispositions of reserves are not considered in determining Reserve Growth.
- The Company's "F&D Costs" are defined as total capital dollars spent in the 2012 fiscal year plus certain adjustments to asset retirement obligations, divided by proved reserves added during the 2012 fiscal year on a per Mcfe basis.
- The threshold, target and maximum levels for the LOE and G&A calculation are based upon a per Mcfe comparison and limit increases of such costs between the 2011 fiscal year and the 2012 fiscal year (excluding hurricane expenses and hurricane insurance credits).
- Adjusted EBITDA Margin is calculated by dividing Adjusted EBITDA by total revenues for the period. EBITDA is defined as net income plus income tax expense, net interest expense, depreciation, depletion, amortization, and accretion, and Adjusted EBITDA excludes from EBITDA, if applicable, the unrealized gain or loss related to our derivative contracts, loss on extinguishment of debt, royalty relief recoupment, extraordinary legal settlements and adjustments related to a transportation allowance for deep-water production.
- The individual performance criteria considered for each Named Executive Officer are described in greater detail below.

Attaining or exceeding the performance objectives of the Performance Metrics is not assured and requires significant effort by our Named Executive Officers. Where performance is achieved between threshold, target and maximum objectives, the Company interpolates the payout amount.

Long-term Performance Restricted Stock Unit Awards

We granted performance-based RSUs to each Named Executive Officer during 2012. When determining the size of the awards, we consider the proportion of equity-based incentives to salary and cash incentives as compared to proportions granted by the Peer Group and survey companies. For 2012, we determined that the size of each Named Executive Officer's target RSU grant would be based upon a specific percentage of the officer's 2012 base salary, taking into consideration the fact that the normal vesting schedule for each award will span a period of approximately three years. The number of RSUs that were initially granted to each Named Executive Officer was determined by multiplying the target percentage below by each Named Executive Officer's base salary, divided by a number that equaled the arithmetic average of the closing price per share of our common stock for the period January 16, 2012 through January 27, 2012, which was \$21.34. For example, Mr. Krohn was awarded 187,441 RSUs (400% times \$1,000,000 divided by \$21.34).

Table of Contents

<u>Named Executive Officer</u>	<u>2012 RSU Grant as a % of Base Salary</u>
Tracy W. Krohn	400%
Jamie L. Vazquez	350%
John D. Gibbons	300%
Stephen L. Schroeder	210%
Thomas F. Getten	225%

If the participant was on unpaid leave or was not employed during the entire performance period, the participant forfeited performance-based RSUs granted in 2012 in the same proportion as the ratio of (a) the difference between the participant's annualized base salary in effect at the commencement of the performance period and such participant's actual base salary received during the performance period to (b) the participant's annualized base salary in effect at the commencement of the performance period.

The vesting of the performance-based RSUs awarded in 2012 was contingent upon meeting various performance measures. Seventy percent of each of the 2012 RSU grants (the "EPS Portion") is subject to the following earnings per share targets for the 2012 calendar year:

<u>Performance Level</u>	<u>% of EPS Portion Available for Vesting</u>
Level 1: EPS > \$1.83	100%
Level 2: EPS = \$1.50	75%
Level 3: EPS = \$1.25	50%
Level 4: EPS = \$0.75	25%
Level 5: EPS < \$0.75	0%

The remaining thirty percent of the 2012 RSU awards are subject to a total stockholder return ("TSR") ranking compared to a peer group (as defined below, and which differs from the Peer Group that we use for the analysis of other compensation items). Ten percent of the 2012 RSU grants are subject to a TSR ranking relative to a peer group during the 2012 calendar year; an additional ten percent is subject to a TSR ranking with respect to a peer group for the 2013 calendar year; and a final ten percent is subject to a TSR ranking with respect to a peer group through the period of time that begins on January 1, 2014 and ends on October 31, 2014. For each of the three separate performance periods, the TSR will be measured against the applicable peer group, and a percentage of that portion of the RSUs will vest, in accordance with the following chart:

<u>Performance Level</u>	<u>Scale</u>
TSR Rank 1-4	150%
TSR Rank 5	130%
TSR Rank 6	100%
TSR Rank 7	90%
TSR Rank 8	80%
TSR Rank 9	75%
TSR Rank 10	70%
TSR Rank 11	65%
TSR Rank 12	60%
TSR Rank 13	55%
TSR Rank 14	50%
TSR Rank 15	45%
TSR Rank 16-20	0%

TSR is determined both for us and each member of the peer group noted below by dividing (i) the sum of the cumulative amount of such entity's dividends per share for the performance period and the arithmetic average

Table of Contents

per share closing price of such entity's common stock for the total number of trading days in the last month of the performance period minus the arithmetic average per share closing price of such entity's common stock for the total number of trading days in the first month of the performance period; by (ii) the arithmetic average per share closing price of such entity's common stock for the total number of trading days in the first month of the performance period. The entities are then arranged by their respective TSRs (highest to lowest) and we are ranked within that peer group. For example, if our TSR places us within the top 4, then Performance Level TSR Rank 1-4 is achieved for that performance period and the number of RSUs that are subject to the applicable tranche are adjusted by the 150% multiplier.

The peer group, solely for purposes of determining our TSR ranking for the 2012 RSU awards, includes the following companies:

- Apache Corporation
- ATP Oil & Gas Corporation
- Cabot Oil & Gas Corporation
- Callon Petroleum Company
- Clayton Williams Energy, Inc.
- Comstock Resources, Inc.
- Energy Partners Ltd.
- Energy XXI (Bermuda) Limited
- Forest Oil Corporation
- Helix Energy Solutions Group, Inc.
- McMoRan Exploration Company
- Murphy Oil Company
- Newfield Exploration Company
- Noble Energy, Inc
- Petroquest Energy, Inc.
- Plains Exploration & Production
- SM Energy Company
- Stone Energy Corporation
- Swift Energy Co.

The Compensation Committee chose a more expanded peer group from the Peer Group utilized for other items of compensation because it believes that this expanded peer group provides a more appropriate basis for judging our corporate performance than the more narrowly focused Peer Group.

Upon achievement of any of the performance criteria described above, the RSUs remain subject to a time-based vesting requirement that will not be fully satisfied until December 15, 2014.

Other Compensation and Benefits. All of our Named Executive Officers are eligible to participate in all of our employee benefit plans, such as medical, dental, group life, disability, accidental death and dismemberment insurance and our 401(k) plan, in each case on the same basis as all other employees. These benefits are provided so as to assure that we are able to maintain a competitive position in terms of attracting and retaining executive officers and other employees.

[Table of Contents](#)

Perquisites and Other Personal Benefits. We provide our Named Executive Officers with perquisites and other personal benefits that the Company and the Compensation Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key executive positions. Under an arrangement between the Company and the Chief Executive Officer, which was originally entered into in 2004 and subsequently amended in 2010, Mr. Krohn is entitled to the use of Company-owned (in which the Company has a fractional interest) or chartered aircraft for personal travel. This benefit is reported as “other compensation” in the Summary Compensation Table that follows. For security reasons and to facilitate efficient business travel, Mr. Krohn may use Company-provided aircraft for both business and personal travel. The Company reflects the amounts attributable to Mr. Krohn’s personal aircraft usage in the Summary Compensation Table as required by the proxy rules. In addition, aircraft personally owned by Mr. Krohn may be chartered by the Company and used by Mr. Krohn for any purpose. In 2012, Mr. Krohn’s aircraft was used by the Company or Mr. Krohn for 198.4 flight hours. The costs to the Company to charter Mr. Krohn’s aircraft may not exceed the cost to charter aircraft owned by a third party, which meets the needs for such trip, taking into account required seating capacity, operational requirements and flight duration. In addition, from time to time, other executive officers may be required for business purposes, or allowed for personal purposes, to use Company-owned or charter aircraft. To the extent such use is reportable, any incremental cost to the Company would be disclosed as “other compensation” in the Summary Compensation Table. Aggregate incremental cost, if any, of travel by the officer’s family or other guests when accompanying the officer on both business and non-business occasions is also included.

Setting Executive Compensation in 2012

Base Salary. The base salary of each Named Executive Officer is reviewed annually by the Compensation Committee. Please see “—Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards.” Increases to the Chief Executive Officer’s salary are established by the Compensation Committee (and ratified by the Board), and for our other Named Executive Officers, our Chief Executive Officer and President recommend salary increases, which are reviewed and approved by the Compensation Committee.

For 2012, the primary factor in determining the amount of base salaries was the Compensation Committee’s subjective assessment of individual performance of each of our Named Executive Officers. The Compensation Committee also reviewed the comparative compensation data discussed above to assess the reasonableness of the base salary amounts in light of the officer’s duties and responsibilities as compared to similarly situated officers. After taking all these factors into consideration, the Compensation Committee determined that there were no changes to 2011 base salary levels necessary for our Named Executive Officers in 2012.

The following table reflects base salary amounts for the Named Executive Officers for 2012 and 2011:

<u>Name</u>	<u>2012 Base Salary</u>	<u>2011 Base Salary</u>
Tracy W. Krohn	\$ 1,000,000	\$ 1,000,000
Jamie L. Vazquez	530,400	530,400
John D. Gibbons	400,400	400,400
Stephen L. Schroeder	340,000	340,000
Thomas F. Getten	303,103	303,103

Annual Cash Incentive Compensation. The Board annually reviews the recommendation of executive management regarding the performance-based goals for the Company. As discussed above, the Board established the targets for 2012 using forecasts and other financial and operational data to include reserve growth, production growth, F&D containment, LOE containment, G&A cost containment and EPS minimum and individual performance metrics, which were selected due to the Board's belief they are important measures of Company performance and, in turn, potential shareholder value. The following chart presents information about the Performance Metrics established by the Compensation Committee, the actual performance results and the actual percentage amounts that were paid out:

<u>Business Criteria</u>	<u>Actual 2012 Company/ Individual Performance</u>	<u>Actual % of Target Cash Incentive Awarded</u>
Production Growth	102.8 Bcfe	—
Reserve Growth	109.0 Bcfe	—
F&D Costs	\$7.32/Mcfe	—
LOE and G&A	\$3.05/Mcfe	7.5%
<u>Company Criteria</u>		
EPS	\$0.95	—
Adjusted EBITDA Margin	62%	16.7%
<u>Individual Criteria</u>		
Individual Performance	Exceeded the Target Objective	16.0%
Total		40.2%

The Company did not meet the threshold objective for Production Growth, Reserve Growth, F&D Costs or EPS. The Company exceeded the target objective for LOE and G&A cost containment, and exceeded the threshold objective for Adjusted EBITDA Margin. Each Named Executive Officer exceeded the target objective for Individual Performance (described below), which resulted in a payout of 40.2% of target Cash Incentive Awards for each Named Executive Officer in 2012.

In connection with its review of the performance of each of our Named Executive Officers, the Compensation Committee specifically considered each executive's leadership in achieving each of the business goals described above. The Compensation Committee also considered the difficulty of achieving the performance goals in the face of extremely challenging economic and regulatory environments. The following is a discussion of the material factors the Compensation Committee considered in assessing each Named Executive Officer's contribution and achievement of his or her individual performance goals:

- Tracy W. Krohn: In assessing Mr. Krohn's performance, the Compensation Committee considered the leadership and strategic vision that he provides for the continued growth of the Company. The Compensation Committee also considered his role in business development, managing capital markets initiatives and communication with the investment community. Also, as a result of his significant ownership position in the Company, Mr. Krohn's objectives are closely aligned with those of our shareholders.
- Jamie L. Vazquez: In assessing Ms. Vazquez's performance, the Compensation Committee considered her leadership in the successful management of the Company's activities and employees to support the Company's growth while maintaining safe operations. In addition, she delivered on the Adjusted EBITDA margin goal. She also expanded the exploration group, the onshore team and the offshore team and positioned the Company for potential growth in future years.
- John D. Gibbons: In assessing Mr. Gibbons' performance, the Compensation Committee considered his continued leadership of the accounting and finance organization, including his ability to maintain sufficient liquidity to fund the Company's ever-expanding business growth by accessing both the capital markets and banking community. The Compensation Committee also considered his role in coordinating with lenders and the investment community.

Table of Contents

- Stephen L. Schroeder: In assessing Mr. Schroeder's performance, the Compensation Committee considered his leadership of the Company's acquisition and divestiture activity, specifically the acquisition of the Gulf of Mexico assets from Newfield Exploration Company. The Compensation Committee also considered his key role as the leader of the transition team, which integrated the newly acquired onshore and offshore properties into the Company.
- Thomas F. Getten: In assessing Mr. Getten's performance, the Compensation Committee considered his active role in the management and resolution of all legal matters affecting the Company. In addition, he serves the role of corporate secretary and manages two attorneys and the human resources department.

Accordingly, the following chart presents information about the awards earned by each of our Named Executive Officers:

<u>Named Executive Officer</u>	<u>2012 Incentive Payout as a % of Base Salary</u>	<u>\$ Amount Earned</u>
Tracy W. Krohn	40%	\$402,000
Jamie L. Vazquez	36%	191,899
John D. Gibbons	36%	144,865
Stephen L. Schroeder	30%	102,510
Thomas F. Getten	32%	97,478

For more information on total compensation paid to our Named Executive Officers, see "Executive Compensation and Related Information—2012 Summary Compensation Table."

Long-term Performance Restricted Stock Unit Award

As discussed above in "Elements of Executive Compensation—Long-term Performance Restricted Stock Unit Awards," the EPS Portion of the 2012 RSU awards would be available for vesting depending on the level of EPS achieved. In 2012, the Company exceeded its Level 4 EPS target of \$0.75, which resulted in the Company achieving its performance requirements at 35% of the EPS Portion of the awards (meaning that 35% of 70% of the 2012 RSUs contingently vested). With respect to the 2012 TSR comparison to our peers, we ranked 10th, resulting in 70% of the 2012 RSUs subject to the 2012 TSR performance criteria becoming eligible to vest (meaning that 70% of 10% of the 2012 RSUs contingently vested). However, the RSUs are subject to further time-based vesting requirements and the TSR criteria for future years, subject to the terms of the employment agreements of our Named Executive Officers, and will not vest in full until December 15, 2014, provided the Named Executive is employed with the Company at that time.

In 2012, the number of RSUs granted was determined so as to set total target compensation, consisting of cash and equity, approximately between the 50th and the 75th percentile of the total compensation of the Peer Group and survey companies.

Compensation Policies

Tax and Accounting Treatment. Section 162(m) of the Code generally disallows a tax deduction to public corporations for compensation over \$1,000,000 paid for any fiscal year to the Company's chief executive officer and the three highest paid executive officers other than the chief financial officer. However, the statute exempts qualifying performance-based compensation from the deduction limit when specified requirements are met. Awards to the Named Executive Officers under the Company's incentive programs have been structured to qualify for this exemption when the Compensation Committee has determined that the structure was appropriate for the individual situation. However, the Compensation Committee retains the discretion to award compensation that exceeds Section 162(m)'s deductibility limit and may look at each situation and each award when determining how to structure any element of compensation granted to our covered officers.

Table of Contents

The Company accounts for stock-based payments in accordance with the requirements of ASC Topic 718, by which compensation cost is based on the fair value of the equity instrument on the date of grant and is recognized over the period during which an employee is required to provide service in exchange for the award. Because the Company may offer incentive stock options, non-qualified stock options and restricted stock grants, the deductibility of an equity compensation award by the Company may not always occur at the time the award is otherwise taxable to the employee.

Basis for Allocation among Incentives. Except as described above, our Compensation Committee has not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid compensation, between cash and non-cash compensation or among different forms of non-cash compensation. Incentive awards under the Incentive Compensation Plan may be granted in any one or a combination of (a) incentive stock options, (b) non-qualified stock options, (c) stock appreciation rights, (d) restricted stock, (e) performance shares, (f) restricted stock units, (g) bonus stock, (h) dividend equivalents, or (i) cash awards.

Adjustment or Recovery of Awards upon Restatement of Company Performance The Company does not have a formal policy with respect to whether its Named Executive Officers are required to return cash and equity incentive awards if the relevant performance targets upon which the awards are based are ever restated or otherwise adjusted in a manner that would reduce the size of an award or payment. Under the Incentive Compensation Plan, however, the Compensation Committee has the authority to adjust financial targets when unforeseen events affect the Company's results of operations.

Stock Ownership Guidelines. On February 24, 2010, our Board approved the adoption of the W&T Offshore, Inc. Stock Ownership and Retention Policy (the "Policy"). The Compensation Committee administers the Policy for employees subject to Section 16 of the Exchange Act, while our Chief Executive Officer and President administer the Policy for all other eligible employees. The Policy is applicable to all employees who are eligible to, and whom actually do, receive equity-based awards pursuant to the Incentive Compensation Plan. The Policy requires our eligible employees to hold an amount of our Common Stock that will equate to set multiples of the amount of his or her annual base salary. Until such time as an employee owns the requisite amount of Common Stock, the employee is required to retain all shares of Common Stock that the employee owns or is granted. In addition, any cash amounts (net of taxes) received as payments for equity based cash awards, such as restricted stock units paid out in cash, must be used to purchase shares of Common Stock on the open market. Following the achievement of the amount and subject to any applicable securities laws, the individual may conduct any appropriate transactions with our Common Stock so long as he or she does not fall below the required amount as a result.

Common Stock that counts toward the satisfaction of the stock ownership level shall include: (a) shares of Common Stock owned outright by the employee and his or her immediate family members who also share the same household; (b) shares of Common Stock acquired upon an option exercise or upon the lapse of restrictions on other awards; (c) Common Stock purchased in the open market; and (d) deemed or actual stock investments due to an employee's participation in the our 401(k) plan.

A hardship exemption may be granted to an employee prior to the time he or she has satisfied the initial ownership requirement. Prior to such time, the Plan Administrator holds the authority to relieve an employee from the Policy upon a determination that the employee has incurred a unique financial or personal situation where the Policy becomes inequitable in light of the employee's circumstances. The penalty for noncompliance with the Policy may result in the suspension of any future grants or awards to the employee, or the employee's base salary and compensation may be frozen at current levels until such time as the employee meets the terms of the Policy.

Employment Agreements, Severance Benefits and Change of Control Provisions

We maintain employment agreements with the Named Executive Officers to ensure they will perform their roles for an extended period of time. Certain provisions contained in these agreements, such as non-competition and non-solicitation provisions as well as change of control payments, are essential to retaining our talented management team and protecting our shareholders. We believe that it is appropriate to compensate individuals to refrain from working with competitors following termination, and that compensation enhances the enforceability of such agreements. These employment agreements, including the potential severance and change of control provisions, are described in more detail elsewhere in this proxy statement. Please read “Executive Compensation and Related Information—Potential Payments Upon Termination or a Change in Control.” These agreements provide for severance compensation to be paid if the officer’s employment is terminated under certain conditions, such as following a corporate change, involuntary termination, termination by the officer for “good reason,” termination by us for “cause,” death or disability, each as defined in the applicable executive’s employment agreement.

The employment agreements between us and our Named Executive Officers and the related severance provisions are designed to meet the following objectives:

Change of Control. In certain scenarios, the potential for merger or being acquired may be in the best interests of our shareholders. As a result, we provide severance compensation to the Named Executive Officers if the officer’s employment is terminated following a change of control transaction. Our intent is to promote the ability of the officer to act in the best interests of our shareholders even though his or her employment could be terminated as a result of the transaction.

Termination without Cause or for Good Reason. If we terminate the employment of a Named Executive Officer “without cause” or a Named Executive Officer terminates his or her employment for “good reason,” as each such term is defined in the applicable employment agreement, we are obligated to pay the officer certain compensation and other benefits as described in greater detail in “Potential Payments Upon Termination or a Change in Control” below. We believe these payments are appropriate because the terminated officer is bound by confidentiality, non-solicitation and non-competition provisions ranging from six months to one year after termination. Both parties have mutually agreed to a severance package that would be in place prior to any termination event. This provides us with more flexibility to make a change in senior management if such a change is in the best interests of our company and its shareholders.

2011 Shareholder Vote

In 2011, the Company held its first shareholder advisory vote on the compensation paid to our Named Executive Officers in 2010, which resulted in an excess of 75% of votes cast approving such compensation. As recommended by our Board, shareholders expressed their preference for a three year advisory vote on executive compensation, and the Company has implemented that recommendation. The next shareholder advisory vote on compensation paid to our Named Executive Officers will be held at the 2014 Annual Meeting of Shareholders. The next shareholder advisory vote on the frequency of shareholder advisory votes on compensation will be held at the 2017 Annual Meeting of Shareholders. The Compensation Committee considered many factors in evaluating the Company’s executive compensation programs as discussed in this Compensation Discussion and Analysis, including the Compensation Committee’s assessment of the interaction of our compensation programs with our corporate business objectives and review of data of our Peer Group, each of which is evaluated in the context of the Compensation Committee’s duty to act as the directors determine to be in shareholders’ best interests. While each of these factors bore on the Compensation Committee’s decisions regarding the Named Executive Officer’s compensation, the Compensation Committee did not make any material changes to our executive compensation program and policies as a result of the 2011 “say on pay” advisory vote. Given the level of shareholder support in 2011 for the Company’s executive compensation programs, the Compensation Committee generally elected to apply the same principles in determining the types and amounts of compensation to be paid to our Named Executive Officers in 2012.

Portions of the 2012 restricted stock unit grants also remain subject to the TSR performance metrics for 2013 or 2014.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards

We maintain employment agreements with each of the Named Executive Officers. On November 1, 2010, we entered into an employment agreement with Tracy W. Krohn, who serves as our Chairman and Chief Executive Officer. The November 1 agreement supersedes our previous employment agreement with Mr. Krohn. The term of the employment agreement is three years, subject to automatic extensions for an additional one-year period beginning on the first anniversary from the November 1, 2010 effective date of the agreement and on each anniversary date thereafter. The agreement provides for an initial base salary of \$1,000,000 and also entitles Mr. Krohn to participate in the Company’s cash incentive plans and long-term incentive plans as approved from time to time by the Compensation Committee. His employment agreement provides that he is entitled to use of Company-owned (in which the Company has a fractional interest) or chartered aircraft for personal travel. For security reasons and to facilitate efficient business travel, the Company and Mr. Krohn entered into an arrangement in 2004 that was subsequently amended in 2010. Under the amended arrangement, Mr. Krohn may use Company-provided aircraft for both business and personal travel. In addition, aircraft personally owned by Mr. Krohn may be chartered by the Company, with Mr. Krohn receiving a gross-up for any taxes on imputed income associated with such aircraft usage, and used by Mr. Krohn for any purpose. In 2012, Mr. Krohn’s aircraft was used by the Company or Mr. Krohn for 198.4 flight hours. In any event, the costs to the Company to charter Mr. Krohn’s aircraft may not exceed the cost to charter aircraft owned by a third party, which meets the needs for such trip (taking into account required seating capacity, operational requirements and flight duration). The potential severance and change of control provisions within Mr. Krohn’s employment agreement are discussed in detail below under the heading “—Potential Payments Upon Termination or a Change in Control.” Other executive officers may be required for business purposes, or allowed for personal purposes, to use Company-owned or charter aircraft. While no executive officers other than Mr. Krohn have a formal agreement

[Table of Contents](#)

with the Company regarding aircraft usage, and no executive officer other than Mr. Krohn has historically used Company-owned aircraft for personal travel, the Company has the discretion to allow such use by other executive officers in limited and individual circumstances. To the extent any executive officer uses Company-owned aircraft for personal travel, such use would be reflected in the Summary Compensation Table under “All Other Compensation.”

The employment agreements for the Named Executive Officers other than Mr. Krohn also have terms of three years, subject to automatic extension for an additional one-year period beginning on the first anniversary from the July 20, 2010 effective date of the agreements and on each anniversary date thereafter. The agreements also entitle the Named Executive Officers to participate in the Company’s cash incentive plans and long-term incentive plans as approved from time to time by the Compensation Committee. The potential severance and change of control provisions within the employment agreements are discussed in detail below under the heading “—Potential Payments Upon Termination or a Change in Control.”

Please see “Compensation Discussion and Analysis—Elements of Executive Compensation—Annual Cash Incentive Compensation Plan—Long-term Performance Restricted Stock Unit Awards” for a discussion of the terms of the restricted stock unit awards.

Potential Payments Upon Termination or a Change in Control

Each of the Company’s Named Executive Officers has an employment agreement with the Company.

Employment Agreement with Tracy W. Krohn

Mr. Krohn’s employment agreement provides for a potential severance payment in certain situations. In the event of his death or “disability” (generally defined as an accident, sickness or other circumstance which renders him mentally or physically incapable of performing his services for the Company), his compensation and benefits will terminate on the date of termination. If, during the term of his agreement, the Company terminates the employment of Mr. Krohn for any reason other than in connection with his death, disability, or for “cause” (generally defined to include Mr. Krohn’s fraud, embezzlement or misappropriation against the Company or our affiliates, any willful failure, neglect, or refusal to perform his duties under the agreement that results in an injury to the Company or an affiliate, or Mr. Krohn’s plea of guilty to, or his conviction of, a felony), or Mr. Krohn

Table of Contents

terminates his employment for “good reason” (generally defined to include a material breach by the Company of the agreement or a material adverse change in Mr. Krohn’s title, position or responsibilities), whether or not in connection with a change of control, Mr. Krohn will be entitled to receive his base salary until the actual termination date of his agreement and a severance payment in the amount of 3.0 times his annual base salary that is then in effect (the “CEO Severance Payment”); the CEO Severance Payment will be paid 60 days following his termination from employment (or six months following his termination of employment if he is considered a “specified employee” under Section 409A of the Code at that time). If he elects to continue coverage for himself and his dependents under the Company’s group health plans following his termination of employment pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985, or “COBRA,” the Company shall reimburse Mr. Krohn for the cost difference between the amount necessary to continue such coverage and the amount Mr. Krohn was required to pay for such coverage as an employee, for a period of 12 months. If Mr. Krohn elects to continue his health coverage following the initial 12 month period, then at any time during the following 18 months his COBRA coverage terminates, the Company will provide him and his dependents with health benefits substantially similar to those provided under the Company’s group health plans for active employees and at a cost that is no greater to Mr. Krohn than the cost of his original 12 month COBRA costs (collectively, the “Continued Medical Benefit”). Any outstanding restricted stock or restricted stock unit awards held at the time of a termination of Mr. Krohn’s employment by the Company without cause, or by Mr. Krohn for good reason, will receive 100% accelerated vesting, and any annual incentive award that Mr. Krohn would have been entitled to receive for the year in which his termination occurred would be paid to him on a pro-rata basis.

In the event that the Company undergoes a change in control during the term of the employment agreement, and Mr. Krohn is not also terminated in connection with such a change in control that would also trigger a payment of the CEO Severance Payment, then Mr. Krohn will receive the CEO Severance Payment described above as if he had been terminated as of the date of the change in control. The employment agreement provides for certain cut-backs for amounts paid to Mr. Krohn in the event that such a payment would be considered a “parachute payment” pursuant to Section 280G of the Code. If an amount to be paid to Mr. Krohn is considered a parachute payment, then such payments will either be reduced to an amount that is \$1.00 less than three times Mr. Krohn’s then annual base salary, or paid in full, whichever produces the better net after-tax position to Mr. Krohn.

In addition, all outstanding restricted stock or restricted stock unit awards held by Mr. Krohn as of the date of a change in control will receive 100% accelerated vesting, whether such awards were subject to a performance period and whether such a performance period had passed as of the date of the change in control. In the event that Mr. Krohn is terminated without cause or for good reason, any outstanding restricted stock or restricted stock units would also vest, provided that the termination of employment occurred following the satisfaction of any applicable performance period associated with that award. The definition of “change of control” in Mr. Krohn’s employment agreement generally will occur upon one or more of the following events: (1) a merger or consolidation that results in the Company’s voting securities representing less than 50% of the combined voting power of the voting securities of the Company or the surviving corporation immediately after the transaction; (2) the individuals who constitute the Company’s board of directors cease to constitute at least a majority of the Company’s board of directors; (3) the acquisition, by a person or a group, of beneficial ownership of any capital stock of the Company if, after such acquisition, the person or group beneficially owns 51% or more of either (A) the then-outstanding shares of the Company’s Common Stock or (B) the combined voting power of the then-outstanding voting securities of the Company (provided that for purposes of this subsection (3), the following acquisitions will not give rise to a change of control: (i) acquisitions directly from or by the Company, (ii) acquisitions by a Company employee benefit plan, (iii) acquisitions by any corporation pursuant to a transaction that results in the Company’s security holders remaining in control of 50% or more of the Company’s securities immediately following the transaction, (iv) an acquisition that constitutes an employee buyout, or (v) acquisitions by Mr. Krohn or his immediately family); (4) a sale of all or substantially all of the Company’s assets, or (5) the approval by the Company’s shareholders of a complete liquidation or dissolution.

In addition to acknowledging the continued binding effect of the Non-Competition/Non-Solicitation provisions in Section 6 of the 2004 employment agreement, Mr. Krohn has agreed in his 2010 employment

Table of Contents

agreement (i) not to disclose our confidential information and (ii) during the 12 months following his termination from employment with the Company, that he will not (A) provide to a third party competitor the same services that he currently provides to the Company in any market area in which the Company has conducted oil and gas exploration and production activities during the last two years of the term of the employment agreement, or (B) not to solicit or hire Company employees.

Employment Agreements with the Remaining Named Executive Officers

The Company entered into new employment agreements with the remaining Named Executive Officers on July 20, 2010. The agreements provide severance benefits to the employees in certain situations. In the event of a death or “disability” (defined the same as in Mr. Krohn’s employment agreement), an executive’s compensation and benefits will terminate on the date of termination. If, during the term of the agreement, the Company terminates the employment of the executive for any reason other than in connection with his or her death, disability, or for “cause” (generally defined to include a failure to perform any material duties in accordance with the professional standards for such executive’s position in the Company, a refusal to perform material duties under the agreement or the duties associated with that executive’s position in the Company, a willful breach of the agreement or a corporate policy, any willful failure, neglect, or other action that results in an injury to the Company or an affiliate, the executive’s serious dishonesty which impacts his performance in a material manner, or the executive’s plea of guilty to, or conviction of, a felony), or the executive terminates his or her employment for “good reason” (generally defined to include a material breach by the Company of the agreement or a material reduction in the executive’s base salary), whether or not in connection with a change of control, the executive will be entitled to receive their base salary until the actual termination date of the agreement and a severance payment in the amount of a specific multiple times his or her annual base salary that is then in effect (the “Severance Benefit”). The Severance Benefit multiple for Ms. Vazquez and Mr. Gibbons is three, and the Severance Benefit multiple for Messrs. Schroeder and Getten is two. The Severance Benefit will be paid to the executive 60 days following a termination from employment (or six months following the termination of employment if he or she is considered a “specified employee” under Section 409A of the Code at that time). The executives will also receive the Continued Medical Benefit that is described above for Mr. Krohn in the event that they are terminated by the Company without cause or they resign for good reason, although the original reimbursement period will be six months rather than twelve months for Messrs. Schroeder and Getten. Any outstanding restricted stock or restricted stock unit awards that were granted to the executive prior to January 1, 2010 and are still held at the time of a termination of the executive’s employment by the Company without cause, or by the executive for good reason, will receive 100% accelerated vesting; restricted stock and restricted stock units granted to the executives after January 1, 2010 will vest pro-rata. Any annual incentive award that the executive would have been entitled to receive for the year in which his termination by the Company without cause or by the executive’s resignation for good reason would be paid on a pro-rata basis.

In the event that the Company undergoes a change in control during the term of the employment agreement, the executive will receive the Severance Benefit described above as if he or she had been terminated as of the date of the change in control; *provided however*, if the executive is also terminated in connection with such a change in control, and a payment of the Severance Benefit is triggered by such termination, the executive would only receive a Severance Benefit in connection with the termination. The employment agreements provide for the same “cut-back” described above for Mr. Krohn in the event that an executive is considered to receive a “parachute payment” under Section 280G of the Code.

The employment agreements also address the treatment that outstanding restricted stock and restricted stock unit awards would receive pursuant to a change in control and/or certain terminations of employment. The language in the employment agreements mirrors that of the governing individual award agreements granted pursuant to the Incentive Compensation Plan, which are described in greater detail below, for change in control events. Pursuant to a termination of employment by the Company without cause, or by the executive for good reason, an outstanding performance-based restricted stock or restricted stock unit award would be accelerated pro-rata only if the termination of employment occurred at a time following the satisfaction of the applicable performance period. Such a pro-rata acceleration would be calculated by dividing the award into thirds (the “pro-rata percentage calculation”).

Table of Contents

An executive must sign a general release in our favor before receiving the Severance Benefit, and the executive shall not make any unauthorized disclosures of any confidential information related to the Company during the executive's employment or following a termination of employment. An executive will also be subject to standard non-competition and non-solicitation restrictions for a period of twelve months following Ms. Vazquez and Mr. Gibbons' terminations of employment, or for a period of six months following Messrs. Schroeder and Getten's terminations of employment.

Incentive Compensation Plan

With regard to executives, as of December 31, 2012, the Incentive Compensation Plan provided that in the event of a change of control of the Company, the Company may choose to accelerate or remove any restrictions upon an outstanding award. The plan generally defines a "change of control" according to the definition given above in Mr. Krohn's employment agreement. The agreements that govern the outstanding restricted stock unit awards granted under the Incentive Compensation Plan have a two-tiered vesting requirement based on time and performance metrics. A change of control will 100% accelerate all restricted stock unit awards that have become partially vested pursuant to the satisfaction of the performance vesting requirement but have yet to vest pursuant to the time-based restrictions, as well as restricted stock unit awards that have not vested because the applicable performance period has not ended at the time the change of control occurs. A change of control will also accelerate any outstanding restricted stock awards held by the executives.

In addition, in the event of a change of control, the Cash Incentive Awards shall be immediately payable on a pro-rata basis calculated based on the extent, as determined by the Compensation Committee, to which the performance goals for the performance period then in progress have been met up through the date of the change of control.

The acceleration of the performance-based restricted stock unit awards will depend upon whether the awards have been partially vested pursuant to the performance-based vesting provision at the time of the termination of employment. While each Named Executive Officer's employment agreement addresses certain change in control or termination of employment events, under the terms of the restricted stock unit agreements, if the performance criteria have not been satisfied at the time of an executive's death or disability, or before a "normal retirement," the awards would be forfeited; however, if the performance criteria for the restricted stock units has been satisfied at the time of an executive's death or disability the awards will be 100% accelerated. Acceleration upon a normal retirement will be calculated using the pro-rata percentage calculation.

The pro-rata percent calculation works as follows. Two-thirds of the award will be called the "two-year portion," and the final third will be called the "three-year portion." The two-year portion will accelerate by taking the number of underlying stock or units in that portion and multiplying that number by a fraction, the numerator of which is the number of months that the executive was employed during the year in which the grant occurred up until the termination of employment, and the denominator of which is 24; the three-year portion will accelerate by taking the number of underlying stock or units in that portion and multiplying that number by a fraction, the numerator of which is the number of months that the executive was employed during the year in which the grant occurred up until the termination of employment and the denominator of which is 36. As an example, provided below is the pro-rata calculation that would apply to Mr. Krohn's acceleration of restricted stock units granted to him in 2012 upon a normal retirement, assuming the performance measures have been satisfied with respect to Mr. Krohn's restricted stock units, but they are still subject to time-based vesting until December 15, 2014. Assuming that Mr. Krohn was eligible for a normal retirement upon December 31, 2012, his acceleration amount for that specific grant of restricted stock units would be calculated as follows: (i) 2/3 of his restricted stock units (90,659) times 12/24 (the numerator of which is the number of months, beginning with the first day of the first month of the year in which the date of issuance occurs, during which Mr. Krohn was employed as of December 31, 2012), plus (ii) 1/3 of his restricted stock units (45,329) times 12/36 (the numerator of which is the number of months, beginning with the first day of the first month of the year in which the date of issuance occurs, during which Mr. Krohn was employed as of December 31, 2012), multiplied by our

[Table of Contents](#)

closing stock on December 31, 2012 of \$16.03 per share, to equal \$968,840. If the term “normal retirement” is not defined in an executive’s employment agreement, the normal retirement age will be age 67. As of December 31, 2012, none of our Named Executive Officers were eligible for a normal retirement, thus no amounts will be included in the table below for such a termination of employment.

The following table reflects the values that each of the Named Executive Officers would receive upon certain terminations of employment or upon a change in control. For purposes of these calculations, the Company has made certain assumptions which we consider reasonable, such as all legitimate reimbursable business expenses are current, and that all earned salary payments are current as of the date of the potential termination scenario. The actual amount of payments that each executive could receive may not be determined with complete accuracy until such time as an actual termination or change of control occurs, but the values below are our best estimate as to the potential payments each executive would receive as of December 31, 2012.

Table of Contents

- (1) Each of the Named Executive Officers would be entitled to receive a pro rata bonus pursuant to the Incentive Plan upon a change in control, or upon a death, disability, without cause or a good reason termination, although with the assumption that the change in control or termination occurred on December 31, 2012, the amounts reflected in the table are the full 2012 year bonuses also reflected in the Summary Compensation Table.
- (2) The CEO Severance Amount, and the Severance Payment for Ms. Vazquez and Mr. Gibbons, is three times the executive's annual base salary as of December 31, 2012, which was \$1,000,000 for Mr. Krohn, \$530,400 for Ms. Vazquez, and \$400,400 for Mr. Gibbons. The Severance Payment for each of the remaining executives is equal to two times the executive's annual base salary as of December 31, 2012, which was \$340,000 for Mr. Schroeder and \$303,103 for Mr. Getten.
- (3) Amounts are based upon the Company's COBRA costs as of December 31, 2012 for the periods set forth above in the narrative. Mr. Gibbons has currently chosen not to participate in the Company's health plans; thus, there is no "continuation" cost for him as of December 31, 2012.
- (4) Accelerated equity reflects 2012 and 2011 restricted stock unit amounts. Due to the fact that the performance requirements for the 2012 outstanding restricted stock unit were not fully achieved during the 2012 performance period, we have assumed that a portion of the 2012 restricted stock unit awards were cancelled as of December 31, 2012. As such, all of the 2011 restricted stock unit awards and a portion of the 2012 restricted stock unit awards would be eligible for full acceleration upon a change in control and the executive's death or disability, and for Mr. Krohn, a termination without cause or a good reason termination; the restricted stock units held by the remaining Named Executive Officers would be accelerated using the pro-rata percentage calculation method for a without cause or a good reason termination. The accelerated amounts were determined by multiplying the number of outstanding awards held by each executive (detailed above in the "Outstanding Equity Awards at December 31, 2012" table), either on a full or pro-rata basis as applicable, by the closing price of our stock on December 31, 2012, which was \$16.03 per share.
- (5) Amounts shown here are a total of the full costs for each element. The employment agreements for each of the Named Executive Officers have a "cut back" provision that would require us to pay \$1.00 less than three times the executive's base salary in the event that the payment to the executive would constitute a "parachute payment," so the total amounts shown could be reduced in certain situations.

Risk Assessment Related to our Compensation Structure

We believe our executive compensation plans are appropriately structured and are not reasonably likely to result in material risk to W&T Offshore. We believe our approach to goal setting, setting of targets with payouts at multiple levels of performance, and evaluation of performance results assist in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives. Several features of our programs reflect sound risk management practices. We set performance goals that we believe are reasonable in light of past performance and market conditions. We also believe we have allocated our compensation among base salary and short- and long-term compensation target opportunities in such a way as to not encourage excessive risk-taking. Further, with respect to our incentive compensation programs, the metrics that determine payouts for our employees are company-wide metrics only. This is based on our belief that applying Company-wide metrics encourages decision-making that is in the best long-term interests of W&T Offshore and our shareholders as a whole. We use restricted stock units rather than stock options for equity awards because restricted stock units retain value even in a depressed market so that employees' are less likely to take unreasonable risks to get, or keep, options "in-the-money." Finally, the time-based vesting over a multi-year period for our long-term incentive awards ensures that our employees' interests align with those of our shareholders for the long-term performance of our Company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 2012, the Company made payments totaling approximately \$1.2 million to W&T Offshore LLC (“W&T LLC”), an entity controlled by Tracy Krohn. Substantially all of the payments relate to the use by the Company of an aircraft owned by Mr. Krohn. In addition, the Company bills W&T LLC for expenses related to W&T LLC’s working interest of properties operated by the Company. For the year 2012, the Company received \$17,243 in payment of these expenses.

The Company charters supply boats from Gulf Offshore Logistics, LLC (“GOL”) in the ordinary course of its business. The wife of Mr. Krohn has been employed as a salesperson for GOL for several years. During 2012, GOL performed services for the Company in the amount of approximately \$17.1 million in respect of these charters. Mrs. Krohn’s compensation is commission-based, and as a result she received commissions of less than \$0.1 million during 2012 related to business from the Company. The Company has maintained a business relationship with GOL since 2007, which predates Mr. and Mrs. Krohn’s marriage in September 2010.

In addition, Mr. Krohn has a 24.4% interest in Stryker Energy Services, Inc. (“Stryker”), a directional services company that began providing horizontal drilling services in support of the Company’s onshore Texas operations in March 2012. During 2012, the Company engaged Stryker to perform such services for fees of approximately \$0.7 million and may engage Stryker to perform further services in the future.

The Company has adopted policies and procedures for approval of related party transactions, which are set forth in our Code of Business Conduct and Ethics. Such policies and procedures state that the Company shall not enter into any contractual relationship or transaction that would be required to be disclosed under Section 404 of Regulation S-K, or any successor to such regulation (a “Transaction”), without first complying with the provisions of the Code of Conduct and Ethics. The Audit Committee of the Board will be responsible for approving and negotiating the terms of such a proposed Transaction. If a Transaction involves a corporate opportunity, such opportunity must have been first rejected by the Company. The Audit Committee has the authority to approve or disapprove the use of the rejected corporate opportunity by the individual who wants to utilize the opportunity that the Company has rejected. No such Transaction shall be approved by the Audit Committee unless the terms of such Transaction are the same or more favorable than those which would have been obtainable at the time in arm’s-length dealing with unaffiliated persons. If the Audit Committee approves the Transaction, the Company shall be authorized to proceed with the Transaction as approved and to execute the documents necessary to give effect to such Transaction. The Company will make all required disclosures as appropriate in its periodic or special filings. Notwithstanding the foregoing, the Board shall have authority over any Transaction that may involve a change in control of the Company and in such a case, the Board may adopt such procedures that it deems necessary to review such Transaction. A written copy of our Code of Business Conduct and Ethics can be found on our website at www.wtoffshore.com.

APPENDIX B

SECOND AMENDMENT TO THE W&T OFFSHORE, INC. AMENDED AND RESTATED INCENTIVE COMPENSATION PLAN

The Board of Directors (the "**Board**") of W&T Offshore, Inc., a Texas corporation (the "**Company**"), hereby makes this Second Amendment (the "**Second Amendment**") to the W&T Offshore, Inc. The W&T Offshore, Inc. Long-Term Incentive Compensation Plan was first amended by the Compensation Committee of the Board on November 3, 2006 for the purpose of asserting the Compensation Committee's interpretation of certain provisions of the plan. The W&T Offshore, Inc. Long-Term Incentive Compensation Plan was next amended on April 8, 2009 to clarify certain provisions of the first amendment and to modify the definition of a "Change of Control" for Awards granted on and after April 8, 2009. The W&T Offshore, Inc. As of the Effective Date, the W&T Offshore, Inc. Long-Term Incentive Compensation Plan is now being amended and restated to, among other things, re-title the W&T Offshore, Inc. Long-Term Incentive Compensation Plan as the "Amended and Restated Incentive Compensation Plan," bring the Plan into compliance with Section 162(m) of the Code, to expand the types of Awards which may be granted pursuant to the Plan, and to provide alternative administration structures for the Plan; provided, however, that this amendment and restatement is not intended to affect the terms of any Award granted prior to the Effective Date of this Plan without the prior written consent of the affected Participant(s).

The Committee may delegate to officers or managers of the Company or any of its Subsidiaries, or committees thereof, the authority, subject to such terms as the Committee shall determine, to perform such functions, including administrative functions, as the Committee may determine, to the extent that such delegation will not result in the loss of an exemption under Rule 16b-3(d)(1) for Awards granted to Executive Officers and will not cause Awards intended to qualify as “performance-based compensation” under section 162(m) of the Code to fail to so qualify. The Committee may appoint agents to assist it in administering the Plan.

(c) Limitation of Liability. The Committee and each member thereof shall be entitled to, in good faith, rely or act upon any report or other information furnished to him or her by any officer or employee of the Company or any of its Subsidiaries, the Company’s legal counsel, independent auditors, consultants or any other agents assisting in the administration of this Plan. Members of the Committee and any officer or employee of the Company or any of its Subsidiaries acting at the direction or on behalf of the Committee shall not be personally liable for any action or determination taken or made in good faith with respect to this Plan, and shall, to the fullest extent permitted by law, be indemnified and held harmless by the Company with respect to any such action or determination.

4. Stock Subject to Plan.

(a) Overall Number of Shares Available for Delivery. Subject to adjustment in a manner consistent with any adjustment made pursuant to Section 9, the total number of shares of Stock reserved and available for issuance in connection with Awards under this Plan shall not exceed 3,667,293 shares.

(b) Application of Limitation to Grants of Awards. No Award may be granted if the number of shares of Stock to be delivered in connection with such Award exceeds the number of shares of Stock remaining available under this Plan minus the number of shares of Stock issuable in settlement of or relating to then-outstanding Awards. The Committee may adopt reasonable counting procedures to ensure appropriate counting, avoid double counting (as, for example, in the case of tandem or substitute awards) and make adjustments if the number of shares of Stock actually delivered differs from the number of shares previously counted in connection with an Award.

(c) Availability of Shares Not Issued under Awards. Shares of Stock subject to an Award under this Plan that expire or are canceled, forfeited, settled in cash or terminated without an issuance of shares to the Participant, including (i) shares forfeited with respect to Awards of Restricted Stock, (ii) the number of shares withheld in payment of any exercise or purchase price of an Award or taxes relating to Awards, and (iii) the number of shares surrendered in payment of any exercise or purchase price of an Award or taxes relating to any Award, will again be available for Awards under this Plan, except that if any such shares could not again be available for Awards to a particular Participant under any applicable law or regulation, such shares shall be available exclusively for Awards to Participants who are not subject to such limitation.

(d) Stock Offered. The shares to be delivered under the Plan shall be made available from (i) authorized but unissued shares of Stock, (ii) Stock held in the treasury of the Company, or (iii) previously issued shares of Stock reacquired by the Company, including shares purchased on the open market.

5. Eligibility; Per Person Award Limitations Awards may be granted under this Plan only to Persons who are Eligible Persons at the time of grant thereof or in connection with the severance or retirement of Eligible Persons. In each calendar year, during any part of which this Plan is in effect, a Covered Employee may not be granted (a) Awards (other than Awards designated to be paid only in cash or the settlement of which is not based on a number of shares of Stock) relating to more than 20% of the shares of Stock available for issuance under the Plan pursuant to Section 4(a) above, which, as of the Effective Date equals 733,458 shares of Stock, subject to adjustment in a manner consistent with any adjustment made pursuant to Section 9, and (b) Awards designated to be paid only in cash, or the settlement of which is not based on a number of shares of Stock, having a value of more than \$8,581,459, which was determined by multiplying the Fair Market Value of 733,458 shares of Stock as of the Effective Date.

6. Specific Terms of Awards.

(a) General. Awards may be granted on the terms and conditions set forth in this Section 6. In addition, the Committee may impose on any Award or the exercise thereof, at the date of grant or thereafter (subject to Subsection 10(c)), such additional terms and conditions, not inconsistent with the provisions of this Plan, as the Committee shall determine, including terms requiring forfeiture of Awards in the event of termination of employment by the Participant, or termination of the Participant's service relationship with the Company, and terms permitting a Participant to make certain elections relating to his or her Award. The Committee shall retain full power and discretion to accelerate, waive or modify, at any time, any term or condition of an Award that is not mandatory under this Plan; provided, however, that the Committee shall not have any discretion to accelerate, waive or modify any term or condition of an Award that is intended to qualify as "performance-based compensation" for purposes of section 162(m) of the Code if such discretion would cause the Award to not so qualify.

(b) Options. The Committee is authorized to grant Options to Participants on the following terms and conditions:

(i) Exercise Price. Each Option agreement shall state the exercise price per share of Stock (the "**Exercise Price**"); provided, however, that the Exercise Price per share of Stock subject to an ISO shall not be less than the greater of (A) the par value per share of the Stock or (B) 100% of the Fair Market Value per share of the Stock as of the date of grant of the Option (or in the case of an individual who owns stock possessing more than 10 percent of the total combined voting power of all classes of stock of the Company or its parent or any subsidiary, 110% of the Fair Market Value per share of the Stock on the date of grant). The exercise price per share of Stock subject to an Option other than an ISO shall not be less than the greater of (1) the par value per share of the Stock and (2) 100% of the Fair Market Value per share of the stock as of the date of grant of the Option.

(ii) Time and Method of Exercise. The Committee shall determine the time or times at which or the circumstances under which an Option may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the methods by which such Exercise Price may be paid or deemed to be paid, the form of such payment, including without limitation cash, Stock, other Awards or awards granted under other plans of the Company or any Subsidiary, or other property (including notes or other contractual obligations of Participants to make payment on a deferred basis), and the methods by or forms in which Stock will be delivered or deemed to be delivered to Participants, including, but not limited to, the delivery of Restricted Stock subject to Subsection 6(d). In the case of an exercise whereby the Exercise Price is permitted by the Committee to be paid with Stock, such Stock shall be valued as of the date of exercise.

(iii) ISOs. The terms of any ISO granted under this Plan shall comply in all respects with the provisions of section 422 of the Code. Except as otherwise provided in Section 9, no term of this Plan relating to ISOs (including any SAR in tandem therewith) shall be interpreted, amended or altered, nor shall any discretion or authority granted under this Plan be exercised, so as to disqualify either this Plan or any ISO under section 422 of the Code, unless the Participant has first requested the change that will result in such disqualification. ISOs

shall not be granted more than ten years after the original adoption date of this Plan, or April 15, 2014. Notwithstanding the foregoing, the Fair Market Value of shares of Stock subject to an ISO and the aggregate Fair Market Value of shares of stock of any parent or subsidiary corporation (within the meaning of sections 424(e) and (f) of the Code) subject to any other ISO (within the meaning of section 422 of the Code) of the Company or a parent or subsidiary corporation (within the meaning of sections 424(e) and (f) of the Code) that first becomes purchasable by a Participant in any calendar year may not (with respect to that Participant) exceed \$100,000, or such other amount as may be prescribed under section 422 of the Code or applicable regulations or rulings from time to time. As used in the previous sentence, Fair Market Value shall be determined as of the date the ISOs are granted. Failure to comply with this provision shall not impair the enforceability or exercisability of any Option, but shall cause the excess amount of shares to be reclassified in accordance with the Code.

(c) Stock Appreciation Rights. The Committee is authorized to grant SARs to Participants on the following terms and conditions:

(i) Right to Payment. An SAR shall confer on the Participant to whom it is granted a right to receive, upon exercise thereof, the excess of (A) the Fair Market Value of one share of Stock on the date of exercise over (B) the grant price of the SAR as determined by the Committee.

(ii) Rights Related to Options. An SAR granted pursuant to an Option shall entitle a Participant, upon exercise, to surrender that Option or any portion thereof, to the extent unexercised, and to receive payment of an amount computed pursuant to Subsection 6(c)(ii)(B). That Option shall then cease to be exercisable to the extent surrendered. SARs granted in connection with an Option shall be subject to the terms of the Award agreement governing the Option, which shall comply with the following provisions in addition to those applicable to Options:

(A) An SAR granted in connection with an Option shall be exercisable only at such time or times and only to the extent that the related Option is exercisable and shall not be transferable except to the extent that the related Option is transferable.

(B) Upon the exercise of an SAR related to an Option, a Participant shall be entitled to receive payment from the Company of an amount determined by multiplying:

(1) the difference obtained by subtracting the Exercise Price with respect to a share of Stock specified in the related Option from the Fair Market Value of a share of Stock on the date of exercise of the SAR, by

(2) the number of shares as to which that SAR has been exercised.

(iii) Right Without Option. An SAR granted independent of an Option shall be exercisable as determined by the Committee and set forth in the Award agreement governing the SAR, which Award agreement shall comply with the following provisions:

(A) Each Award agreement shall state the total number of shares of Stock to which the SAR relates.

(B) Each Award agreement shall state the time or periods in which the right to exercise the SAR or a portion thereof shall vest and the number of shares of Stock for which the right to exercise the SAR shall vest at each such time or period.

(C) Each Award agreement shall state the date at which the SARs shall expire if not previously exercised.

[Table of Contents](#)

(D) Each SAR shall entitle a participant, upon exercise thereof, to receive payment of an amount determined by multiplying:

(1) the difference obtained by subtracting the Fair Market Value of a share of Stock on the date of grant of the SAR from the Fair Market Value of a share of Stock on the date of exercise of that SAR, by

(2) the number of shares as to which the SAR has been exercised.

(iv) Terms. Except as otherwise provided herein, the Committee shall determine at the date of grant or thereafter, the time or times at which and the circumstances under which an SAR may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the method of exercise, method of settlement, form of consideration payable in settlement, method by or forms in which Stock will be delivered or deemed to be delivered to Participants, whether or not an SAR shall be in tandem or in combination with any other Award, and any other terms and conditions of any SAR. SARs may be either freestanding or in tandem with other Awards.

(d) Restricted Stock. The Committee is authorized to grant Restricted Stock to Participants on the following terms and conditions:

(i) Grant and Restrictions. Restricted Stock shall be subject to such restrictions on transferability, risk of forfeiture and other restrictions, if any, as the Committee may impose, which restrictions may lapse separately or in combination at such times, under such circumstances (including based on achievement of performance goals and/or future service requirements), in such installments or otherwise, as the Committee may determine at the date of grant or thereafter. During the restricted period applicable to the Restricted Stock, the Restricted Stock may not be sold, transferred, pledged, hypothecated, margined or otherwise encumbered by the Participant.

(ii) Certificates for Stock. Restricted Stock granted under this Plan may be evidenced in such manner as the Committee shall determine. If certificates representing Restricted Stock are registered in the name of the Participant, the Committee may require that such certificates bear an appropriate legend referring to the terms, conditions and restrictions applicable to such Restricted Stock, that the Company retain physical possession of the certificates, and that the Participant deliver a stock power to the Company, endorsed in blank, relating to the Restricted Stock.

(iii) Dividends and Splits. As a condition to the grant of an Award of Restricted Stock, the Committee may require or permit a Participant to elect that any cash dividends paid on a share of Restricted Stock be automatically reinvested in additional shares of Restricted Stock, applied to the purchase of additional Awards under this Plan or deferred without interest to the date of vesting of the associated Award of Restricted Stock; provided, that, to the extent applicable, any such election shall comply with the Nonqualified Deferred Compensation Rules. Unless otherwise determined by the Committee, Stock distributed in connection with a Stock split or Stock dividend, and other property (other than cash) distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock with respect to which such Stock or other property has been distributed.

(e) Restricted Stock Units. The Committee is authorized to grant Restricted Stock Units to Participants, which are rights to receive Stock or cash (or a combination thereof) at the end of a specified deferral period, subject to the following terms and conditions:

(i) Award and Restrictions. Settlement of an Award of Restricted Stock Units shall occur upon expiration of the deferral period specified for such Restricted Stock Unit by the Committee (or, if permitted by the Committee, as elected by the Participant). In addition, Restricted Stock Units shall be subject to such restrictions (which may include a risk of forfeiture) as the Committee may impose, if any, which restrictions may lapse at the expiration of the deferral period or at earlier specified times (including based on achievement of performance goals and/or future service requirements), separately or in combination, in installments or otherwise, as the Committee may determine. Restricted Stock Units shall be satisfied by the delivery of cash or Stock in the

Table of Contents

amount equal to the Fair Market Value of the specified number of shares of Stock covered by the Restricted Stock Units, or a combination thereof, as determined by the Committee at the date of grant or thereafter.

(ii) Dividend Equivalents. At the discretion of the Committee at the time of grant, Dividend Equivalents on the specified number of shares of Stock covered by an Award of Restricted Stock Units may be either (A) paid with respect to such Restricted Stock Units on the dividend payment date in cash, in shares of unrestricted Stock having a Fair Market Value equal to the amount of such dividends, or some combination of cash and shares of unrestricted Stock, or (B) deferred with respect to such Restricted Stock Units and the amount or value thereof automatically deemed reinvested in additional Restricted Stock Units.

(f) Bonus Stock and Awards in Lieu of Obligations. The Committee is authorized to grant Stock as a bonus, or to grant Stock or other Awards in lieu of obligations to pay cash or deliver other property under this Plan or under other plans or compensatory arrangements, provided that, in the case of Executive Officers, the amount of such grants remains within the discretion of the Committee to the extent necessary to ensure that acquisitions of Stock or other Awards are exempt from liability under section 16(b) of the Exchange Act. Stock or Awards granted hereunder shall be subject to such other terms as shall be determined by the Committee. In the case of any grant of Stock to an officer of the Company or any of its Subsidiaries in lieu of salary or other cash compensation, the number of shares granted in place of such compensation shall be reasonable, as determined by the Committee.

(g) Dividend Equivalents. The Committee is authorized to grant Dividend Equivalents to a Participant, entitling the Participant to receive cash, Stock, other Awards, or other property equal in value to dividends paid with respect to a specified number of shares of Stock, or other periodic payments. Dividend Equivalents may be awarded on a free-standing basis or in connection with another Award. The Committee may provide that Dividend Equivalents shall be paid or distributed when accrued or shall be deemed to have been reinvested in additional Stock, Awards, or other investment vehicles, and subject to such restrictions on transferability and risks of forfeiture, as the Committee may specify.

(h) Other Awards. The Committee is authorized, subject to limitations under applicable law, to grant to Participants such other Awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Stock, as deemed by the Committee to be consistent with the purposes of this Plan, including without limitation convertible or exchangeable debt securities, other rights convertible or exchangeable into Stock, purchase rights for Stock, Awards with value and payment contingent upon performance of the Company or any other factors designated by the Committee, and Awards valued by reference to the book value of Stock or the value of securities of or the performance of specified Subsidiaries of the Company. The Committee shall determine the terms and conditions of such Awards. Stock delivered pursuant to an Award in the nature of a purchase right granted under this Subsection 6(h) shall be purchased for such consideration, paid for at such times, by such methods, and in such forms, including, without limitation, cash, Stock, other Awards, or other property, as the Committee shall determine. Cash awards, as an element of or supplement to any other Award under this Plan, may also be granted pursuant to this Subsection 6(h).

7. Certain Provisions Applicable to Awards.

(a) Termination of Employment. Except as otherwise provided herein, a Participant must be employed by, or providing services to, the Company or a Subsidiary on the date that Participant's Award under this Plan is paid out or otherwise settled in order to receive such payment or settlement of the Award; provided, however, the Committee may provide for any alternative treatment of an Award as it deems appropriate upon a termination of employment or any other service relationship by and between a Participant and the Company or any Subsidiary in the individual agreement controlling such Award, including, but not limited to, full or pro-rata acceleration of the of the Award upon a termination of employment or any other service relationship with the Company or any Subsidiary.

(b) Stand-Alone, Additional, Tandem, and Substitute Awards. Awards granted under this Plan may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, or in substitution or exchange for, any other Award or any award granted under another plan of the Company, or any of its Subsidiaries, or any business entity to be acquired by the Company or any of its Subsidiaries, or any other right of a Participant to receive payment from the Company or any of its Subsidiaries. Such additional, tandem and substitute or exchange Awards may be granted at any time. If an Award is granted in substitution or exchange for another Award, the Committee shall require the surrender of such other Award in consideration for the grant of the new Award. In addition, Awards may be granted in lieu of cash compensation, including in lieu of cash amounts payable under other plans of the Company or any of its Subsidiaries, in which the value of Stock subject to the Award is equivalent in value to the cash compensation, or in which the exercise price, grant price or purchase price of the Award in the nature of a right that may be exercised is equal to the Fair Market Value of the underlying Stock minus the value of the cash compensation surrendered. Awards granted pursuant to the preceding sentence shall be designed, awarded and settled in a manner that does not result in additional taxes under section 409A of the Code.

(c) Term of Awards. Except as specified herein, the term of each Award shall be for such period as may be determined by the Committee provided, that in no event shall the term of any Option or SAR exceed a period of ten years (or such shorter term as may be required in respect of an ISO under section 422 of the Code).

(d) Form and Timing of Payment under Awards; Deferrals. Subject to the terms of this Plan and any applicable Award agreement, payments to be made by the Company or any of its Subsidiaries upon the exercise of an Option or other Award or settlement of an Award may be made in such forms as the Committee shall determine, including without limitation cash, Stock, other Awards or other property, and may be made in a single payment or transfer, in installments, or on a deferred basis; provided, however, that any such deferred payment will be set forth in the agreement evidencing such Award and/or otherwise made in a manner that will not result in additional taxes under section 409A of the Code. Except as otherwise provided herein, the settlement of any Award may be accelerated, and cash paid in lieu of Stock in connection with such settlement, in the discretion of the Committee or upon occurrence of one or more specified events (in addition to a Change in Control). Installment or deferred payments may be required by the Committee (subject to Subsection 10(c) of this Plan, including the consent provisions thereof in the case of any deferral of an outstanding Award not provided for in the original Award agreement) or permitted at the election of the Participant on terms and conditions established by the Committee and in compliance with the Nonqualified Deferred Compensation Rules. Payments may include, without limitation, provisions for the payment or crediting of reasonable interest on installment or deferred payments or the grant or crediting of Dividend Equivalents or other amounts in respect of installment or deferred payments denominated in Stock. Any deferral shall only be allowed as is provided in a separate deferred compensation plan adopted by the Company and shall be made pursuant to the Nonqualified Deferred Compensation Rules. This Plan shall not constitute an "employee benefit plan" for purposes of section 3(3) of the Employee Retirement Income Security Act of 1974, as amended.

(e) Exemptions from Section 16(b) Liability. It is the intent of the Company that the grant of any Awards to or other transaction by an Executive Officer shall be exempt from section 16 of the Exchange Act pursuant to an applicable exemption (except for transactions acknowledged in writing to be non-exempt by such Participant). Accordingly, if any provision of this Plan or any Award agreement does not comply with the requirements of Rule 16b-3 as then applicable to any such transaction, such provision shall be construed or deemed amended to the extent necessary to conform to the applicable requirements of Rule 16b-3 so that such Participant shall avoid liability under section 16(b) of the Exchange Act.

(f) Non-Competition Agreement. Each Participant to whom an Award is granted under this Plan may be required to agree in writing as a condition to the granting of such Award not to engage in conduct in competition with the Company or any of its Subsidiaries for a period after the termination of such Participant's employment with the Company and its Subsidiaries as determined by the Committee.

8. Performance and Annual Incentive Awards

(a) Performance Conditions. The right of a Participant to exercise or receive a grant or settlement of any Award, and the timing thereof, may be subject to such performance conditions as may be specified by the Committee. The Committee may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions, and may exercise its discretion to reduce or increase the amounts payable under any Award subject to performance conditions, except as limited under Subsections 8(b) and 8(c) hereof in the case of a Performance Award or Annual Incentive Award intended to qualify under section 162(m) of the Code.

(b) Performance Awards. If the Committee determines that a Performance Award to be granted to an Eligible Person who is designated by the Committee as likely to be a Covered Employee should qualify as “performance-based compensation” for purposes of section 162(m) of the Code, the grant, exercise and/or settlement of such Performance Award will be contingent upon achievement of pre-established performance goals and other terms set forth in this Subsection 8(b). The Committee may not exercise discretion to increase the amounts payable under any Performance Award subject to performance conditions for Awards intended to qualify as “performance-based compensation” to a Covered Employee. For all Performance Awards granted to an Eligible Person who is not designated by the Committee as likely to be a Covered Employee, the grant, exercise and/or settlement of such a Performance Award may also be contingent upon the achievement of pre-established performance goals and other terms set forth in this Subsection 8(b) or on any such other performance goals and terms determined appropriate by the Committee for the applicable performance period or Eligible Person.

(i) Performance Goals Generally. The performance goals for Performance Awards shall consist of one or more business criteria or individual performance criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by the Committee consistent with this Subsection 8(b). Performance goals shall be objective and shall otherwise meet the requirements of section 162(m) of the Code and regulations thereunder (including Treasury Regulation §1.162-27 and successor regulations thereto), including the requirement that the level or levels of performance targeted by the Committee result in the achievement of performance goals being “substantially uncertain” at the time the Committee actually establishes the performance goal or goals for grants to all Eligible Persons who are designated by the Committee as likely to be Covered Employees. The Committee may determine that such Performance Awards shall be granted, exercised, and/or settled upon achievement of any one performance goal or that two or more of the performance goals must be achieved as a condition to grant, exercise and/or settlement of such Performance Awards. Performance goals may differ for Performance Awards granted to any one Participant or to different Participants.

(ii) Business and Individual Performance Criteria

(A) Business Criteria. One or more of the following business criteria for the Company, on a consolidated basis, and/or for specified Subsidiaries or business or geographical units of the Company (except with respect to the total shareholder return and earnings per share criteria), shall be used by the Committee in establishing performance goals for such Performance Awards: (1) earnings per share; (2) increase in revenues; (3) increase in cash flow; (4) increase in cash flow from operations; (5) increase in cash flow return; (6) return on net assets; (7) return on assets; (8) return on investment; (9) return on capital; (10) return on equity; (11) economic value added; (12) operating margin; (13) contribution margin; (14) net income; (15) net income per share; (16) pretax earnings; (17) pretax earnings before interest, depreciation and amortization; (18) pretax operating earnings after interest expense and before incentives, service fees, and extraordinary or special items; (19) pretax earnings after lease operating expenses and general and administrative expenses; (20) debt reduction; (21) market share; (22) change in the Fair Market Value of the Stock; (23) operating income; (24) total shareholder return; (25) production growth; (26) reserves growth; (27) reduction in general and administrative expenses; any of the above goals determined on an absolute or relative basis or as compared to the performance of a published or special index deemed applicable by the Committee including, but not limited to, the Standard & Poor’s 500 Stock Index or a group of comparable companies. For purposes of items (1), (7), (8), (9), (10), (14),

Table of Contents

(16), (17), (19), and (23) above, the criteria may, or may not, exclude special items such as ceiling test impairment charges, loss on extinguishment of debt, derivative losses, interest rate swap losses, and transaction costs associated with any acquisitions or dispositions affecting any specific criteria for the applicable year. One or more of the foregoing business criteria shall also be exclusively used in establishing performance goals for Annual Incentive Awards granted to a Covered Employee under Subsection 8(c) hereof.

(B) Individual Performance Criteria. The grant, exercise and/or settlement of Performance Awards may also be contingent upon individual performance goals established by the Committee. If required for compliance with section 162(m) of the Code, such criteria shall be approved by the shareholders of the Company.

(iii) Performance Period: Timing for Establishing Performance Goals Achievement of performance goals in respect of Performance Awards shall be measured over a performance period of up to ten years, as specified by the Committee. Performance goals shall be established no later than the earliest of the following to occur: (A) 90 days after the beginning of any performance period applicable to such Performance Awards, (B) the last date that would constitute less than 25% of the performance period applicable to such Performance Awards, or (C) at such other date as may be required or permitted for “performance-based compensation” under section 162(m) of the Code.

(iv) Performance Award Pool. The Committee may, at its discretion, establish a Performance Award pool(s), which shall be an unfunded pool, for purposes of measuring performance of the Company in connection with Performance Awards associated with any given performance period. The amount of such Performance Award pool shall be based upon the achievement of a performance goal or goals based on one or more of the criteria set forth in Subsection 8(b)(ii) hereof for Eligible Persons who are designated by the Committee as likely to be a Covered Employee, or based upon performance goal(s) as determined by the Committee for all other Eligible Persons, during the given performance period as specified by the Committee in accordance with Subsection 8(b)(iii) hereof. The Committee may specify the amount of the Performance Award pool(s) as a percentage of any of such criteria, a percentage thereof in excess of a threshold amount, or as another amount which need not bear a strictly mathematical relationship to such criteria.

(v) Settlement of Performance Awards: Other Terms. After the end of each designated performance period, the Committee shall determine the amount, if any, of (A) the applicable Performance Award pool, and the maximum amount of the potential Performance Award payable to each Participant in the Performance Award pool, or (B) the amount of the potential Performance Award otherwise payable to each Participant. Settlement of such Performance Awards shall be in cash, Stock, other Awards or other property, in the discretion of the Committee. The Committee may, in its discretion, reduce the amount of a settlement otherwise to be made in connection with such Performance Awards, but may not exercise discretion to increase any such amount payable to a Covered Employee in respect of a Performance Award subject to this Subsection 8(b). The Committee shall specify the circumstances in which such Performance Awards shall be paid or forfeited in the event of termination of employment by the Participant prior to the end of a performance period or settlement of Performance Awards.

(c) Annual Incentive Awards. If the Committee determines that an Annual Incentive Award to be granted to an Eligible Person who is designated by the Committee as likely to be a Covered Employee should qualify as “performance-based compensation” for purposes of section 162(m) of the Code, the grant, exercise and/or settlement of such Annual Incentive Award shall be contingent upon achievement of pre-established performance goals and other terms set forth in this Subsection 8(c). The Committee may not exercise discretion to increase the amounts payable under any Annual Incentive Award subject to performance conditions for Awards intended to qualify as “performance-based compensation” to a Covered Employee. For all Annual Incentive Awards granted to an Eligible Person who is not designated by the Committee as likely to be a Covered Employee, the grant, exercise and/or settlement of such an Annual Incentive Award may also be contingent upon the achievement of pre-established performance goals and other terms set forth in this Subsection 8(c) or on any such other performance goals and terms determined appropriate by the Committee for the applicable performance period or Eligible Person.

Table of Contents

(i) Potential Annual Incentive Awards Not later than the end of the 90th day of each applicable year, or at such other date as may be required or permitted in the case of Awards intended to be “performance-based compensation” under section 162(m) of the Code such as the last date that would constitute less than 25% of the applicable performance period year, the Committee shall determine the Eligible Persons who will potentially receive Annual Incentive Awards, and the amounts potentially payable thereunder, for that fiscal year, either out of an Annual Incentive Award pool established by such date under Subsection 8(c)(i) hereof or as individual Annual Incentive Awards. The amount potentially payable, with respect to Annual Incentive Awards, shall be based upon the achievement of a performance goal or goals based on one or more of the business criteria set forth in Subsection 8(b)(ii) hereof for Eligible Persons who are designated by the Committee as likely to be a Covered Employee, or based upon performance goal(s) as determined by the Committee for all other Eligible Persons, in the given performance year, as specified by the Committee.

(ii) Annual Incentive Award Pool The Committee may, at its discretion, establish an Annual Incentive Award pool(s), which shall be an unfunded pool, for purposes of measuring performance of the Company in connection with Annual Incentive Awards for any given performance year. The amount of any Annual Incentive Award pool shall be based upon the achievement of a performance goal or goals based on one or more of the business criteria set forth in Subsection 8(b)(ii) hereof for Eligible Persons who are designated by the Committee as likely to be a Covered Employee, or based upon performance goal(s) as determined by the Committee for all other Eligible Persons, during the given performance period, as specified by the Committee in accordance with Subsection 8(b)(iii) hereof. The Committee may specify the amount of the Annual Incentive Award pool as a percentage of any of such business criteria, a percentage thereof in excess of a threshold amount, or as another amount which need not bear a strictly mathematical relationship to such business criteria.

(iii) Payout of Annual Incentive Awards After the end of each applicable year, the Committee shall determine the amount, if any, of (A) the applicable Annual Incentive Award pool, and the maximum amount of the potential Annual Incentive Award payable to each Participant in the Annual Incentive Award pool, or (A) the amount of the potential Annual Incentive Award otherwise payable to each Participant. The Committee may, in its discretion, determine that the amount payable to any Participant as a final Annual Incentive Award shall be reduced from the amount of his or her potential Annual Incentive Award, including a determination to make no final Award whatsoever, but may not exercise discretion to increase any such amount in the case of an Annual Incentive Award intended to qualify under section 162(m) of the Code. The Committee shall specify the circumstances in which an Annual Incentive Award shall be paid or forfeited in the event of termination of employment by the Participant prior to the end of the applicable year or settlement of such Annual Incentive Award.

(d) Written Determinations All determinations by the Committee as to the establishment of performance goals, the amount of any Performance Award pool or potential individual Performance Awards, the achievement of performance goals relating to and final settlement of Performance Awards under Subsection 8(b), the amount of any Annual Incentive Award pool or potential individual Annual Incentive Awards, the achievement of performance goals relating to and final settlement of Annual Incentive Awards under Subsection 8(c) shall be made in writing in the case of any Award intended to qualify under section 162(m) of the Code. Notwithstanding the allowance in Section 2(h) of this Plan regarding delegation of duties or administration, the applicable Committee may not delegate any responsibilities described in this Section 8(d) relating to such Performance Awards or Annual Incentive Awards.

(e) Status of Subsection 8(b) and Subsection 8(c) Awards under Section 162(m) of the Code It is the intent of the Company that Performance Awards and Annual Incentive Awards under Subsections 8(b) and 8(c) hereof granted to persons who are designated by the Committee as likely to be Covered Employees within the meaning of section 162(m) of the Code and the regulations thereunder (including Treasury Regulation §1.162-27 and successor regulations thereto) shall, if so designated by the Committee, constitute “performance-based compensation” within the meaning of section 162(m) of the Code and regulations thereunder. Accordingly, the terms of Subsections 8(b), (c), (d) and (e), including the definitions of Covered Employee and other terms used

therein, shall be interpreted in a manner consistent with section 162(m) of the Code and regulations thereunder for all Eligible Persons designated by the Committee as likely to be Covered Employees. The foregoing notwithstanding, because the Committee cannot determine with certainty whether a given Participant will be a Covered Employee with respect to a fiscal year that has not yet been completed, the term Covered Employee as used herein shall mean only a person designated by the Committee, at the time of grant of Performance Awards or an Annual Incentive Award, who is likely to be a Covered Employee with respect to that fiscal year. If any provision of this Plan as in effect on the date of adoption of any agreements relating to Performance Awards or Annual Incentive Awards that are designated as intended to comply with section 162(m) of the Code does not comply or is inconsistent with the requirements of section 162(m) of the Code or regulations thereunder, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements.

9. Subdivision or Consolidation; Recapitalization; Change in Control; Reorganization.

(a) Existence of Plans and Awards. The existence of this Plan and the Awards granted hereunder shall not affect in any way the right or power of the Board or the shareholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of debt or equity securities ahead of or affecting Stock or the rights thereof, the dissolution or liquidation of the Company or any sale, lease, exchange or other disposition of all or any part of its assets or business or any other corporate act or proceeding. In no event will any action taken by the Committee pursuant to this Section 9 result in the creation of deferred compensation within the meaning of section 409A of the Code and the regulations and other guidance promulgated thereunder.

(b) Subdivision or Consolidation of Shares. The terms of an Award and the number of shares of Stock authorized pursuant to Section 4 for issuance under the Plan shall be subject to adjustment from time to time, in accordance with the following provisions:

(i) If at any time, or from time to time, the Company shall subdivide as a whole (by reclassification, by a Stock split, by the issuance of a distribution on Stock payable in Stock, or otherwise) the number of shares of Stock then outstanding into a greater number of shares of Stock, then (A) the maximum number of shares of Stock available for the Plan or in connection with Awards as provided in Sections 4 and 5 shall be increased proportionately, and the kind of shares or other securities available for the Plan shall be appropriately adjusted, (B) the number of shares of Stock (or other kind of shares or securities) that may be acquired under any then outstanding Award shall be increased proportionately, and (C) the price (including the exercise price) for each share of Stock (or other kind of shares or securities) subject to then outstanding Awards shall be reduced proportionately, without changing the aggregate purchase price or value as to which outstanding Awards remain exercisable or subject to restrictions.

(ii) If at any time, or from time to time, the Company shall consolidate as a whole (by reclassification, by reverse Stock split, or otherwise) the number of shares of Stock then outstanding into a lesser number of shares of Stock, (A) the maximum number of shares of Stock for the Plan or available in connection with Awards as provided in Sections 4 and 5 shall be decreased proportionately, and the kind of shares or other securities available for the Plan shall be appropriately adjusted, (B) the number of shares of Stock (or other kind of shares or securities) that may be acquired under any then outstanding Award shall be decreased proportionately, and (C) the price (including the exercise price) for each share of Stock (or other kind of shares or securities) subject to then outstanding Awards shall be increased proportionately, without changing the aggregate purchase price or value as to which outstanding Awards remain exercisable or subject to restrictions.

(iii) Whenever the number of shares of Stock subject to outstanding Awards and the price for each share of Stock subject to outstanding Awards are required to be adjusted as provided in this Subsection 9(b), the Committee shall promptly prepare a notice setting forth, in reasonable detail, the event requiring adjustment, the amount of the adjustment, the method by which such adjustment was calculated, and the change in price and the number of shares of Stock, other securities, cash, or property purchasable subject to each Award after giving effect to the adjustments. The Committee shall promptly provide each affected Participant with such notice.

(iv) Adjustments under Subsections 9(b)(i) and (ii) shall be made by the Committee, and its determination as to what adjustments shall be made and the extent thereof shall be final, binding, and conclusive. No fractional interest shall be issued under the Plan on account of any such adjustments.

(c) Corporate Recapitalization. If the Company recapitalizes, reclassifies its capital stock, or otherwise changes its capital structure (a "**recapitalization**") without the occurrence of a Change in Control, the number and class of shares of Stock covered by an Option or an SAR theretofore granted shall be adjusted so that such Option or SAR shall thereafter cover the number and class of shares of stock and securities to which the holder would have been entitled pursuant to the terms of the recapitalization if, immediately prior to the recapitalization, the holder had been the holder of record of the number of shares of Stock then covered by such Option or SAR and the share limitations provided in Sections 4 and 5 shall be adjusted in a manner consistent with the recapitalization.

(d) Additional Issuances. Except as hereinbefore expressly provided, the issuance by the Company of shares of stock of any class or securities convertible into shares of stock of any class, for cash, property, labor or services, upon direct sale, upon the exercise of rights or warrants to subscribe therefor, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, and in any case whether or not for fair value, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number of shares of Stock subject to Awards theretofore granted or the purchase price per share, if applicable.

(e) Change in Control. Upon a Change in Control the Committee, acting in its sole discretion without the consent or approval of any holder, shall affect one or more of the following alternatives, which may vary among individual holders and which may vary among Options or SARs (collectively "**Grants**") held by any individual holder: (i) accelerate the time at which Grants then outstanding may be exercised so that such Grants may be exercised in full for a limited period of time on or before a specified date (before or after such Change in Control) fixed by the Committee, after which specified date all unexercised Grants and all rights of holders thereunder shall terminate, (ii) require the mandatory surrender to the Company by selected holders of some or all of the outstanding Grants held by such holders (irrespective of whether such Grants are then exercisable under the provisions of this Plan) as of a date, before or after such Change in Control, specified by the Committee, in which event the Committee shall thereupon cancel such Grants and pay to each holder an amount of cash per share equal to the excess, if any, of the amount calculated in Subsection 9(f) (the "**Change in Control Price**") of the shares subject to such Grants over the exercise price(s) under such Grants for such shares (except that to the extent the Exercise Price under any such Grant is equal to or exceeds the Change in Control Price, in which case no amount shall be payable with respect to such Grant), or (iii) make such adjustments to Grants then outstanding as the Committee deems appropriate to reflect such Change in Control; provided, however, that the Committee may determine in its sole discretion that no adjustment is necessary to Grants then outstanding; provided, further, however, that the right to make such adjustments shall include, but not require or be limited to, the modification of Grants such that the holder of the Grant shall be entitled to purchase or receive (in lieu of the total number of shares of Stock as to which an Option or SAR is exercisable (the "**Total Shares**") or other consideration that the holder would otherwise be entitled to purchase or receive under the Grant (the "**Total Consideration**")), the number of shares of stock, other securities, cash or property to which the Total Consideration would have been entitled to in connection with the Change in Control (A) (in the case of Options), at an aggregate exercise price equal to the exercise price that would have been payable if the Total Shares had been purchased upon the exercise of the Grant immediately before the consummation of the Change in Control and (B) (in the case of SARs) if the SARs had been exercised immediately before the occurrence of the Change in Control.

(f) Change in Control Price. The "**Change in Control Price**" shall equal the amount determined in the following clause (i), (ii), (iii), (iv) or (v), whichever is applicable, as follows: (i) the price per share offered to holders of Stock in any merger or consolidation, (ii) the per share Fair Market Value of the Stock immediately before the Change in Control without regard to assets sold in the Change in Control and assuming the Company has received the consideration paid for the assets in the case of a sale of the assets, (iii) the amount distributed per share of Stock in a dissolution transaction, (iv) the price per share offered to holders of Stock in any tender offer or exchange offer whereby a Change in Control takes place, or (v) if such Change in Control occurs other than

pursuant to a transaction described in clauses (i), (ii), (iii), or (iv) of this Section 9(f), the Fair Market Value per share of the shares that may otherwise be obtained with respect to such Grants or to which such Grants track, as determined by the Committee as of the date determined by the Committee to be the date of cancellation and surrender of such Grants. In the event that the consideration offered to shareholders of the Company in any transaction described in this Section 9(f) or Section 9(e) consists of anything other than cash, the Committee shall determine the fair cash equivalent of the portion of the consideration offered which is other than cash and such determination shall be binding on all affected participants to the extent applicable to Awards held by such Participants.

(g) Impact of Corporate Events on Awards Generally. In the event of changes in the outstanding Stock by reason of a recapitalization, reorganization, merger, consolidation, combination, exchange or other relevant change in capitalization occurring after the date of the grant of any Award and not otherwise provided for by this Section 9, any outstanding Awards and any Award agreements evidencing such Awards shall be subject to adjustment by the Committee at its discretion, which adjustment may, in the Committee's discretion, be described in the Award agreement and may include, but not be limited to, adjustments as to the number and price of shares of Stock or other consideration subject to such Awards, accelerated vesting (in full or in part) of such Awards, conversion of such Awards into awards denominated in the securities or other interests of any successor Person, or the cash settlement of such Awards in exchange for the cancellation thereof. In the event of any such change in the outstanding Stock, the aggregate number of shares available under this Plan may be appropriately adjusted by the Committee, whose determination shall be conclusive.

10. General Provisions.

(a) Transferability.

(i) Permitted Transferees. The Committee may, in its discretion, permit a Participant to transfer all or any portion of an Option or SAR, or authorize all or a portion of an Option or SAR to be granted to an Eligible Person to be on terms which permit transfer by such Participant; provided that, in either case the transferee or transferees must be any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, in each case with respect to the Participant, any individual sharing the Participant's household (other than a tenant or employee of the Company), a trust in which any of the foregoing individuals have more than fifty percent of the beneficial interest, a foundation in which any of the foregoing individuals (or the Participant) control the management of assets, and any other entity in which any of the foregoing individuals (or the Participant) own more than fifty percent of the voting interests (collectively, "*Permitted Transferees*"); provided further that, (X) there may be no consideration for any such transfer and (Y) subsequent transfers of Options or SARs transferred as provided above shall be prohibited except subsequent transfers back to the original holder of the Option or SAR and transfers to other Permitted Transferees of the original holder. Agreements evidencing Options or SARs with respect to which such transferability is authorized at the time of grant must be approved by the Committee, and must expressly provide for transferability in a manner consistent with this Subsection 10(a)(i).

(ii) Qualified Domestic Relations Orders. An Option, Stock Appreciation Right, Restricted Stock Unit Award, Restricted Stock Award or other Award may be transferred, to a Permitted Transferee, pursuant to a domestic relations order entered or approved by a court of competent jurisdiction upon delivery to the Company of written notice of such transfer and a certified copy of such order.

(iii) Other Transfers. Except as expressly permitted by Subsections 10(a)(i) and 10(a)(ii), Awards shall not be transferable other than by will or the laws of descent and distribution. Notwithstanding anything to the contrary in this Section 10, an Incentive Stock Option shall not be transferable other than by will or the laws of descent and distribution.

(iv) Effect of Transfer. Following the transfer of any Award as contemplated by Subsections 10(a)(i), 10(a)(ii) and 10(a)(iii), (A) such Award shall continue to be subject to the same terms and conditions as were applicable immediately prior to transfer, provided that the term "Participant" shall be deemed to refer to the Permitted Transferee, the recipient under a qualified domestic relations order, or the estate or heirs of a deceased Participant or other transferee, as applicable, to the extent appropriate to enable the Participant to exercise the transferred Award in accordance with the terms of this Plan and applicable law and (B) the provisions of the Award relating to exercisability shall continue to be applied with respect to the original Participant and, following the occurrence of any applicable events described therein the Awards shall be exercisable by the Permitted Transferee, the recipient under a qualified domestic relations order, or the estate or heirs of a deceased Participant, as applicable, only to the extent and for the periods that would have been applicable in the absence of the transfer.

(v) Procedures and Restrictions. Any Participant desiring to transfer an Award as permitted under Subsections 10(a)(i), 10(a)(ii) or 10(a)(iii) shall make application therefor in the manner and time specified by the Committee and shall comply with such other requirements as the Committee may require to assure compliance with all applicable securities laws. The Committee shall not give permission for such a transfer if (A) it would give rise to short swing liability under section 16(b) of the Exchange Act or (B) it may not be made in compliance with all applicable federal, state and foreign securities laws.

(vi) Registration. To the extent the issuance to any Permitted Transferee of any shares of Stock issuable pursuant to Awards transferred as permitted in this Subsection 10(a) is not registered pursuant to the effective registration statement of the Company generally covering the shares to be issued pursuant to this Plan to initial holders of Awards, the Company shall not have any obligation to register the issuance of any such shares of Stock to any such transferee.

(b) Taxes. The Company and any of its Subsidiaries are authorized to withhold from any Award granted, or any payment relating to an Award under this Plan, including from a distribution of Stock, amounts of withholding and other taxes due or potentially payable in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to enable the Company and Participants to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Award. This authority shall include authority to withhold or receive Stock or other property and to make cash payments in respect thereof in satisfaction of a Participant's tax obligations, either on a mandatory or elective basis in the discretion of the Committee.

(c) Changes to this Plan and Awards. The Board may amend, alter, suspend, discontinue or terminate this Plan or the Committee's authority to grant Awards under this Plan without the consent of shareholders or Participants, except that any amendment or alteration to this Plan, including any increase in any share limitation, shall be subject to the approval of the Company's shareholders not later than the annual meeting next following such Board action if such shareholder approval is required by any federal or state law or regulation or the rules of any stock exchange or automated quotation system on which the Stock may then be listed or quoted, and the Board may otherwise, in its discretion, determine to submit other such changes to this Plan to shareholders for approval; provided, that, without the consent of an affected Participant, no such Board action may materially and adversely affect the rights of such Participant under any previously granted and outstanding Award. The Committee may waive any conditions or rights under, or amend, alter, suspend, discontinue or terminate any Award theretofore granted and any Award agreement relating thereto, except as otherwise provided in this Plan; provided, however, that, without the consent of an affected Participant, no such Committee action may materially and adversely affect the rights of such Participant under such Award. This amendment and restatement is not intended to affect the material terms of any Award granted prior to the Effective Date of this Plan without the prior written consent of the affected Participant.

(d) Limitation on Rights Conferred under Plan. Neither this Plan nor any action taken hereunder shall be construed as (i) giving any Eligible Person or Participant the right to continue as an Eligible Person or Participant or in the employ or service of the Company or any of its Subsidiaries, (ii) interfering in any way with

Table of Contents

the right of the Company or any of its Subsidiaries to terminate any Eligible Person's or Participant's employment or service relationship at any time, (iii) giving an Eligible Person or Participant any claim to be granted any Award under this Plan or to be treated uniformly with other Participants and/or employees and/or other service providers, or (iv) conferring on a Participant any of the rights of a shareholder of the Company unless and until the Participant is duly issued or transferred shares of Stock in accordance with the terms of an Award.

(e) Unfunded Status of Awards. This Plan is intended to constitute an "unfunded" plan for certain incentive awards.

(f) Nonexclusivity of this Plan. Neither the adoption of this Plan by the Board nor its submission to the shareholders of the Company for approval shall be construed as creating any limitations on the power of the Board or a committee thereof to adopt such other incentive arrangements as it may deem desirable, including incentive arrangements and awards which do not qualify under section 162(m) of the Code. Nothing contained in this Plan shall be construed to prevent the Company or any of its Subsidiaries from taking any corporate action which is deemed by the Company or such Subsidiary to be appropriate or in its best interest, whether or not such action would have an adverse effect on this Plan or any Award made under this Plan. No employee, beneficiary or other person shall have any claim against the Company or any of its Subsidiaries as a result of any such action.

(g) Fractional Shares. No fractional shares of Stock shall be issued or delivered pursuant to this Plan or any Award. The Committee shall determine whether cash, other Awards or other property shall be issued or paid in lieu of such fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

(h) Severability. If any provision of this Plan is held to be illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining provisions hereof, but such provision shall be fully severable and the Plan shall be construed and enforced as if the illegal or invalid provision had never been included herein. If any of the terms or provisions of this Plan or any Award agreement conflict with the requirements of Rule 16b-3 (as those terms or provisions are applied to Eligible Persons who are subject to section 16(b) of the Exchange Act) or section 422 of the Code (with respect to Incentive Stock Options), then those conflicting terms or provisions shall be deemed inoperative to the extent they so conflict with the requirements of Rule 16b-3 (unless the Board or the Committee, as appropriate, has expressly determined that the Plan or such Award should not comply with Rule 16b-3) or section 422 of the Code. With respect to Incentive Stock Options, if this Plan does not contain any provision required to be included herein under section 422 of the Code, that provision shall be deemed to be incorporated herein with the same force and effect as if that provision had been set out at length herein; provided, that, to the extent any Option that is intended to qualify as an Incentive Stock Option cannot so qualify, that Option (to that extent) shall be deemed an Option not subject to section 422 of the Code for all purposes of the Plan.

(i) Governing Law. All questions arising with respect to the provisions of the Plan and Awards shall be determined by application of the laws of the State of Texas, without giving effect to any conflict of law provisions thereof, except to the extent Texas law is preempted by federal law. The obligation of the Company to sell and deliver Stock hereunder is subject to applicable federal and state laws and to the approval of any governmental authority required in connection with the authorization, issuance, sale, or delivery of such Stock.

(j) Conditions to Delivery of Stock. Nothing herein or in any Award granted hereunder or any Award agreement shall require the Company to issue any shares with respect to any Award if that issuance would, in the opinion of counsel for the Company, constitute a violation of the Securities Act or any similar or superseding statute or statutes, any other applicable statute or regulation, or the rules of any applicable securities exchange or securities association, as then in effect. At the time of any exercise of an Option or Stock Appreciation Right, or at the time of any grant of a Restricted Stock Award, Restricted Stock Unit, or other Award the Company may, as a condition precedent to the exercise of such Option or Stock Appreciation Right or settlement of any Restricted Stock Award, Restricted Stock Unit or other Award, require from the Participant (or in the event of his or her

Table of Contents

death, his or her legal representatives, heirs, legatees, or distributees) such written representations, if any, concerning the holder's intentions with regard to the retention or disposition of the shares of Stock being acquired pursuant to the Award and such written covenants and agreements, if any, as to the manner of disposal of such shares as, in the opinion of counsel to the Company, may be necessary to ensure that any disposition by that holder (or in the event of the holder's death, his or her legal representatives, heirs, legatees, or distributees) will not involve a violation of the Securities Act or any similar or superseding statute or statutes, any other applicable state or federal statute or regulation, or any rule of any applicable securities exchange or securities association, as then in effect. No Option or Stock Appreciation Right shall be exercisable and no settlement of any Restricted Stock Award or Restricted Stock Unit shall occur with respect to a Participant unless and until the holder thereof shall have paid cash or property to, or performed services for, the Company or any of its Subsidiaries that the Committee believes is equal to or greater in value than the par value of the Stock subject to such Award.

(k) Section 409A of the Code. In the event that any Award granted pursuant to this Plan provides for a deferral of compensation within the meaning of the Nonqualified Deferred Compensation Rules, the Company will take all reasonable efforts to design such an Award to comply with the Nonqualified Deferred Compensation Rules.

(l) Plan Effective Date and Term. This amended and restated Plan was adopted by the Board on February 24, 2010 to be effective January 1, 2010. The material terms of the Plan for purposes of Section 162(m) of the Code shall be submitted to the Company's shareholders at the Company's 2010 Annual Meeting of Shareholders on May 3, 2010 in order to receive compliance with the requirements of Section 162(m) of the Code for the Plan, and the Committee shall administer the Plan following such meeting in accordance with the terms of Plan in effect following such a shareholder vote. No Awards may be granted under this Plan on and after April 15, 2014.
